 53rd YEAR OF GROWING
 AND SELLING SOME OF AMERICA'S
 FINEST NURSERY STOCK

**OFFERING TWO OF THE WORLD'S
 FINEST AND BEST ROSES**

PLANT PATENT 591

"PEACE"

AARS

We might well use this whole page extolling the merits of this grand new Rose. Adjudged by experts to be one of the greatest new Roses of all time. Magnificent large, very double blooms ranging in color from deep yellow in bud, to creamy yellow with cerise-pink edging as the petals unfold, and finally an alabaster shade on fully open blooms. Not unusual for one to count 5 or 6 different shadings in blooms on a single plant. Bushes are massive and sturdy in growth with tough, leathery, dark green foliage. Plants bloom from June until freezing weather, producing exhibition quality flowers in abundance. **2-year, No. 1 plants, \$2.00 each; 3 for \$5.00, postpaid.**

These varieties of patented Roses are grown and sold under licence from the plant patent owners.

Crimson
 Glory

"CRIMSON GLORY"

PLANT PATENT 105

Enormous double blooms of deep vivid crimson. Long, pointed buds which open slowly. Large, sturdy bushes produce an abundance of extremely fragrant blooms. Foliage plentiful and healthy. A real Rose in every sense of the word and a valuable addition to every garden. **Nice, 2-yr., No. 1, field-grown and bud-ded plants: \$1.50 each; 3 for \$3.75, postpaid.**

 THORNLESS ROSES
**MIDDLEBURY,
 INDIANA**

Middlebury, Ind.
September 1, 1947

Dear Friends:

Again it is time for our catalog to go to press.

For many years this space has been reserved that I might bring to each of you annual greetings and express to each of you our sincere thanks for your friendship, good wishes and patronage.

As we begin our 53rd year in the nursery business we look back over the years with much satisfaction. True, we have made many mistakes. Maybe your order hasn't reached you on just the day you thought it should arrive; maybe some error has been made in filling your order; maybe travel conditions have been such that plants were not in good condition when they reached you; maybe we have not always done things in just the way you thought they should have been done. But please believe us when we say that such things have occurred in a very small percentage of our orders. In fact less than 1% of our shipments result in any complaint. Testimonials by the thousands in our files attest to the fact that we do grow good stock, that we pack and ship it right and that it gives universally good results for our customers. Such errors as do occur, (we're only human, you know) are rectified to the best of our ability and the principles of fair dealing.

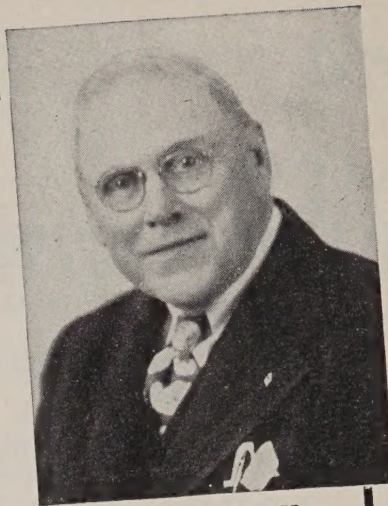

Though inflation of values and prices seems to be the order of the day, you will note that we have always tried to hold our prices down to very reasonable levels. In fact, you will find prices on several items lower in this book than they were last year. We have always believed that a larger volume of business at a lower profit was the best practice. Comparison will prove that our stock is the equal of any you can purchase and we believe that our prices will save you money.

We're proud of this issue of "Glories of the Garden." We have tried to make it the best catalog we have ever issued. We invite you to look it over carefully.

To our old customers, we can only thank you for your past confidence and business and invite your continued consideration. To new customers, we invite you to try our plants, with a firm belief that you'll be well pleased with their superior quality and the results you will obtain.

With best wishes to you all for 1948, I am,

Sincerely yours
Vernon H. Krider

GENERAL INFORMATION

LOCATION: Nursery and offices are located at Middlebury, Indiana. We are just north of U. S. Route No. 20, 15 miles east of Elkhart, Ind. Indiana State Route No. 13 passes within 2 blocks of our office.

CLAIMS: All claims for shortages must be made within 10 days of the receipt of the entire order. Many times orders are sent in more than one shipment, with a note in earlier shipments that more is to follow. Wait until last shipment arrives before claiming shortage of stock.

REMITTANCES: Make all remittances by post office money order, bank money order, express money order, draft or check. Please do not send stamps or cash unless absolutely necessary and then register your letter. We cannot assume any responsibility for remittances lost in the mail while enroute.

REFERENCES: First State Bank, Middlebury, Ind. Dun and Bradstreet, Inc., 290 Broadway, New York.

PLEASE NOTE

The earlier you get your order in to us the better. This enables us to take care of the necessary clerical work on orders during the winter before the rush of the spring shipping season. This amounts to a saving with us and we are glad to show our appreciation by allowing you to select FREE GIFTS.

Remember these gifts apply only to cash orders of \$10.00 or over, and your order must be postmarked March 15th or before. Free stock must be listed and sent in with your original order as it is impossible for us to hunt out orders and attach lists of free stock after orders are filed for shipping. Any orders listing free items which are postmarked after March 15th will be shipped without free stock. In the past we have been rather lenient on this matter, but shortages of stock and labor conditions make it necessary that we hold to the March 15th deadline. The premiums are given for early orders and those coming in when the shipping season has opened cannot be classified as early orders. Free stock may be selected from any items in this book.

NURSERY STOCK GUARANTEE

We guarantee that each plant shall be true-to-name, otherwise we will replace free of charge or refund purchase price of any proven not to be so. We guarantee that each plant shall be of a size and quality as described in this catalog, and that plants will reach the customer in good condition.

IF YOU ARE NOT SATISFIED WHEN YOUR ORDER REACHES YOU, RETURN STOCK AT ONCE AND WE WILL REFUND YOUR MONEY TOGETHER WITH ANY TRANSPORTATION CHARGES YOU HAVE PAID. AFTER STOCK IS ACCEPTED AND PLANTED IT IS ASSUMED TO BE SATISFACTORY. Remember, a plant is a living thing, the same as any animal or human being. It feeds, drinks and breathes, and is subject to attacks by insects, diseases and drought; hence, we do not guarantee growth of plants after planting.

Stock lost after planting will be replaced at one-half the price paid the following season, provided we are notified of such losses by July 1st after planting. This one-half price only covers digging, packing and handling charges in making the replacement.

If stock reaches you in damaged condition, have postmaster or express agent sign a receipt to this effect, as this will enable us to recover damages.

It is mutually agreed between customer and ourselves that we can not be held liable for any greater amount than original price of stock, and that in case of our inability to supply any item, or items, ordered, that the refund of amount sent for such items shall relieve us of any further liability.

"Festival"

AN EVERBLOOMING HYBRID TEA
FAST BECOMING ONE
of the Most FAMOUS NAMES
IN THE WORLD OF FINE ROSES...

Available in Bush or Climber Form

BUSH FORM — "FESTIVAL" PLANT PATENT 545

OR

Climber Form — "Climbing Festival" PLANT PAT. 687

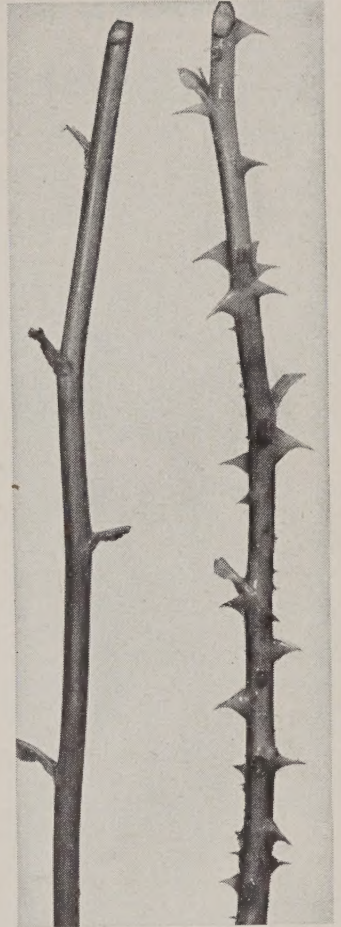

SEE PAGE 5 FOR ACTUAL COLOR PHOTOS OF THESE
EXCEPTIONALLY FINE ROSE INTRODUCTIONS—

**A FESTIVAL OF ALL THAT IS GOOD IN
FINE ROSES... STEMS ARE AS SMOOTH
AS THE BRANCH OF A WILLOW**
THE PROFUSION OF GORGEOUS, BRIGHT SCARLET
BLOOMS, PRODUCED ALMOST CONSTANTLY
THROUGHOUT THE SUMMER AND FALL MONTHS,
AMAZES THE CYNIC AND DELIGHTS THE HEART
OF THE HOME GARDENER. *You must see to believe it!*

Please Note: Every plant of "Festival" Roses is guaranteed to grow and bloom. Any customer receiving a plant which does not do so will be doing us a favor by reporting same and giving us a chance to replace any unsatisfactory plants.

• ONE OF OUR BEST RED ROSES •
PLUS

PLANTS ENTIRELY FREE FROM THORNS

At left a section of stem of "Festival," the Thornless Rose, with leaf stems left on. At right a section of stem of regular Rose. "If thorns prick your hands, it isn't 'Festival.'"

"FESTIVAL"—THE
\$10,000.00 ROSE...

"Festival" is indeed the \$10,000.00 Rose. We paid the owner of the Plant Patent on this remarkable Rose the sum of \$10,000.00 for the Patent. This is by far the largest sum ever paid for the Patent rights on any Rose. We think it was worth it—worth it to give Krider customers something they have always dreamed of; a bright red Hybrid Tea, Everblooming Rose without thorns. We believe you will agree that it was worth it when you plant and enjoy "FESTIVAL," the Thornless Rose.

THE TWO WONDERFUL "STRATFORD" ROSES

PILLAR "STRATFORD" BUSH "STRATFORD"

U. S. PLANT PAT. PENDING

U. S. PLANT PATENT 160

PRODUCERS OF THE MOST DOUBLE ROSE BLOOMS WE HAVE EVER SEEN.. BOTH ARE EVERBLOOMING..

Pillar "Stratford"

Pillar form of the magnificent Rose, "Stratford", described at the right. Canes grow to a height of 8 to 10 feet, stiffly erect and sturdy. Ideal for planting on each side of a driveway entrance or wherever a post or pillar effect is wanted. Has the large, extremely double, fragrant blooms of the bush form and bears them throughout the long summer and fall season. Strong and hardy, and a distinct, valuable addition to the Rose family. Each spring remove all but three or four of the canes produced the previous year. This enables the plants to produce abundant bloom and helps in promoting vigorous growth and new foliage. See that plants are well watered the first season and apply some good plant food a couple of times during the summer. You'll be well repaid in the fine growth and blooms produced. **2-year, No. 1 plants.**

Bush "Stratford"

We cannot say too much about the good qualities of "Stratford" in bush form. One of the most unique Roses we have ever seen in that the open blooms have the odd, Cactus-like appearance of the Cactus Dahlias. Buds are a delightful flesh-pink, opening into large blooms so extremely double that there scarcely seems to be room for all the petals. The open blooms are creamy pink and the color holds for days as the many petals unfold. Blooms come almost continuously from June until freezing weather. Plants are vigorous in growth with strong, erect canes and excellent foliage. A truly splendid, fragrant, Hybrid Tea Rose you'll delight in having in your gardens. **2-year, No. 1 plants.**

ROSE GUARANTEE

We guarantee our Roses to be as well grown and as good quality as you can get anywhere at any price, no matter what you pay; to reach you in as good condition and if grown side by side under like conditions, will produce as good results.

**KRIDER'S
FAMOUS**

"Festival" ROSES

BUSH "FESTIVAL" PLANT PAT. 545 and "CLIMBING FESTIVAL" PLANT PAT. 687

TWO SENSATIONAL ROSES WITHOUT THORNS

You've probably heard about, or have seen, these great new Roses. Introduced by us two years ago, Bush "Festival" has received so much favorable comment and so many hundreds of testimonial letters have come to our office that we feel most of our customers must have at least heard of it by this time. Last year we introduced its companion, "Climbing Festival," and it likewise won immediate acclaim.

If you want a really new and thrilling experience in Rose growing then you will want to grow a few plants of these Roses. Imagine being able to walk among the plants in your Rose garden without snagging your clothes or scratching your flesh. Imagine cutting an armload of blooms and not having a single thorn to prick your fingers or arms. Imagine a bush producing bright red, fragrant, very double blooms prolifically from June until freezing weather. Then you have an idea of what to expect from "Festival." The Climber produces an immense crop of brilliant red blooms in June and throws occasional repeat blooms throughout the summer, however, like all Climbing Roses, it blooms on the two-year wood. Each spring remove all but three of the best canes produced the previous year, cut these remaining canes back about one-third, work some good fertilizer into the soil about the plants and you will be rewarded with a magnificent Climber. **No thorns** to bother you when pruning or working around them; **no thorns** to tear your skin when cutting.

Plant "Festival", in bush or climber form and you're preparing yourself for a pleasing thrill in Rose growing. Turn back to page 3 also.

NOW AT NEW AND LOWER PRICES

Bush form of "Festival" is an Everblooming Hybrid Tea and should be planted and cared for as per the planting instructions on page 10. Read and follow these pointers carefully and you'll have good results from all of your Rose plantings.

FOR COLORFUL BED PLANTINGS OUR "FAVORITE COLOR COLLECTION" OF ROSES IS IDEAL

Beautiful New "Crepe Myrtle" Shrub Rose

Krider Nurseries, Inc.,
Middlebury, Indiana

Kingsport, Tenn.
June 28, 1947

Gentlemen: This is to thank you most sincerely for the most indescribably beautiful Roses I have ever grown or seen—the three I ordered from you in the early spring—one "Peace" and two "Crimson Glory." The plants have been luxuriantly thrifty and the blooms have simply "been out of this world." Their fame has spread all over Kingsport—so much so that my catalog from you has been borrowed too many times and now that I want to order some further shipments for the fall I cannot locate my Krider catalog. Will you please send me another, if possible?

Again thanking you for the greatest enjoyment I have ever had from my Rose garden, I remain

Mrs. J. V. H.

Could you see God
As you looked into a Rose,
Tossing its head
When the south wind blows?
As you looked upon the Lily
And studied its chalice
Could you see the angels
In their golden palace?
Where the Hollyhocks were blooming
Beside a humble home
Could you picture it a palace,
Though it had no gilded dome?
I could.

So I thank God for a garden,
Woodland flowers, trees, and birds;
Life is sweet, I find contentment
That I can't express in words.
Sort of feel a closer union
With the presence we call God,
When I see that life is springing
From each cranny, cleft, and clod.
DR. C. W. MOTZ.

HAVE SOMETHING NEW,
BEAUTIFUL and DIFFERENT—

"Crepe Myrtle"

SHRUB ROSE

As its name indicates, it grows in the form of a sturdy shrub, reaching a height of 4 to 6 feet in the North and Mid-West, taller in the South. Heavy canes grow upright and are extremely thorny. This feature makes this an ideal plant for an informal flowering hedge. Keeps off trespassers and makes a thick screen to insure privacy for outdoor living areas. Also fine for specimen plants at the corners of a flower or Rose garden. This is an everblooming Rose and bears abundant bloom over the entire season from June until freezing fall weather. Flowers are large, very double, fragrant and have an exotic shimmering pink color. Bush is very hardy and may be kept trimmed at the desired height and in the desired shape. Plant "Crepe Myrtle" Roses if you want to have something new and different. Excellent for use with shrubs in the border as they provide plenty of color when other blooms are scarce.

2-YR., FIELD-GROWN and BUDDED PLANTS
\$1.50 Each; 3 for \$3.75, Postpaid

PLANT THE NEWEST!

THE WORLD'S SMALLEST ROSE "TINY GLEAM"

A delightful novelty in the Rose world. Miniature in every respect, the plants are small but thrifty and vigorous. Blooms are typically in Rose form but are the size of a dime.

Ideal for growing in pots or for a dwarf edging.

Plants are hardy and may be left out-of-doors over winter with the same amount of protection given regular Hybrid Tea Roses.

If you like the unusual then you will want to grow a few of these sturdy little "Tiny Gleam" Roses.

WILL BLOOM THIS YEAR

ONLY \$1.00 Ea.; 3 for \$2.50, Postpaid

World's Smallest Rose, "Tiny Gleam"

KRIDER'S FAMOUS ALL-AMERICAN ROSE COLLECTION

This All-American Collection of Roses is not to be confused with the selections annually made by The All-America Board which selects outstanding new varieties of Annuals, Perennials, Roses, etc.

This is our own All-American Collection, which we have offered each spring since 1935, and is made up of eleven of the outstanding Roses of America. Each year we travel thousands of miles checking and observing the performance of different Roses. Varieties must have thoroughly proven themselves before being included in this group.

We believe this collection consists of eleven Roses which will give the average Rose grower complete satisfaction no matter what state he lives in. It is our own All-American group selected by us for the following reasons:

- **First**—Because of the wide range of colors. Practically every color known in the Rose world is represented in this collection.
- **Second**—Because they are hardy in all sections of the country. Even in far northern climates they do well if given average winter protection.
- **Third**—Because they are offered at a price which all America can afford. No premium prices are asked for these splendid Roses.

YOU WANT YOUR ROSES to GROW and BLOOM SATISFACTORILY—SO DO WE... PAY PARTICULAR ATTENTION to the INSTRUCTIONS BELOW HOW TO GROW ROSES SUCCESSFULLY

Consider these simple instructions and you will have little difficulty in growing beautiful Roses.

Rose bed should be in a sunny location and the soil should be of good garden grade and well drained. Fertilizer or well-rotted manure should be thoroughly worked into the soil as the bed is spaded.

Unpack and plant Roses as soon as received from the nursery if at all possible. If you cannot plant at once, unwrap the plants and heel them in the ground until ready to set in their permanent places. Never throw package into the basement or garage and leave for several days and then expect to find plants in perfect condition when unwrapped.

In planting, set the plants with the bud, or joint, just above the roots, about 1½ inches below the surface of the soil. Have holes large enough to avoid crowding of the roots and be sure soil used for filling in is finely pulverized. Tramp soil firmly a couple of times as the hole is filled and leave a slight depression around each plant to retain water.

As soon as planting is completed see that all plants and the soil around them is thoroughly soaked with water. Cut back all canes to a length of 4 or 5 inches at planting time. This is very important as the root system of a newly transplanted Rose bush will not be able to leaf the

canes to their entire length and many times plants will simply die in trying to do so.

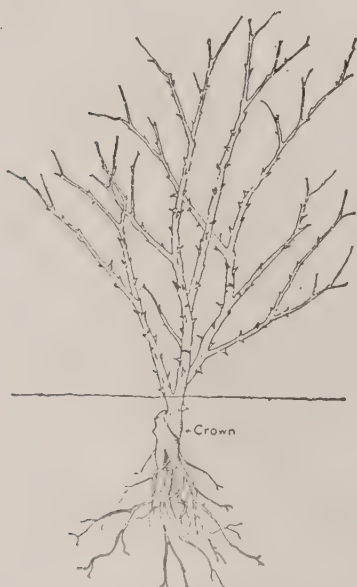

Keep the Rose planting well watered at all times when there is no natural rainfall. A reasonable application of fertilizer applied twice during the summer months, with an interval of at least 30 days between applications, will induce added growth and extra quality in blooms.

Allow 18 to 24 inches between plants when figuring the number of plants needed for a bed.

Each succeeding spring all canes should be cut back to the 4- or 5-inch height as stated above. This causes strong new growth and abundant bloom to develop.

For winter protection in cold climates, hill the dirt up around each plant to a height of 8 to 12 inches in late fall before the ground freezes. Level off as soon as danger of hard freezes is over in spring and cut plants back as directed.

All our Hybrid Tea Roses are budded on Multiflora. Once in a great while a shoot from this Multiflora will come up from below the bud. These wild shoots are easily distinguished by their rampant growth and their groups of 7 leaves to a stem. Dig down around the plant and cut the wild shoot off close to the root. This will prevent its growth, which otherwise would soon kill off the true-budded Rose variety. These shoots rarely come up but it is well to inspect your plants occasionally to be sure.

Blooms of "Pink Grootendorst" Hardy Perpetual Rose

HARDY PERPETUAL ROSES FOR COLD CLIMATES . . .

2-YEAR FIELD GROWN PLANTS—
WILL BLOOM NEXT SUMMER . . .

PAUL NEYRON

A perpetual without thorns. A very strong grower, producing probably the largest blooms of any Rose. Fragrant, and color is a beautiful clear pink. Very hardy and will grow in locations and climates where other Roses fail. Excellent to use in combination with shrubs for border work.

FRAU KARL DRUSCHKI

Sometimes called "White American Beauty." Extremely sturdy and prolific in growth and bloom. Large double blooms of waxen white, each perfect in form. One of the most valuable Roses for colder climates or difficult growing locations.

RED GROOTENDORST

Red flowering Rugosa which is ideal for hedges or use with shrub plantings. Exceptionally hardy and strong grower. Small double blooms in clusters. Bright red.

PINK GROOTENDORST

Same habits and characteristics as Red Grootendorst except color is a lovely silvery pink.

THREE TRIED AND PROVEN PATENTED ROSES

"These patented varieties of Roses are grown and sold under license from the patent owner."

LOWELL THOMAS —AARS PLANT PAT. No. 595

Immense bright chrome-lemon blooms. Beautifully shaped buds which open with the petals rolling outward. Blooms 4 inches across when fully open. A splendid yellow, everblooming Hybrid Tea for the finest gardens. 2-year, No. 1 plants, \$1.50 each; 3 for \$3.75, postpaid.

TEXAS CENTENNIAL PLANT PAT. No. 162

The famous cerise-red everblooming Hybrid Tea Rose which has won wide acclaim from coast to coast for its excellent qualities. A sport of the President Hoover, it seems to combine all the fine qualities of hardiness, easy culture, prolific blooming habit and gorgeous color. A truly great Rose and one you can plant in all confidence that you are planting one of the best. 2-year, No. 1 plants, \$1.00 each; 3 for \$2.50, postpaid.

MIRANDY —AARS PLANT PAT. No. 632

Easily won first place and selection by the All-America Rose Committee in 1945. Rich, glamorous, deep crimson blooms open from long pointed, ovoid buds. Excellent foliage is heavy in texture and covers the erect, symmetrical branches. Bush is vigorous and sturdy, generally reaching about 30 to 36 inches in height. Very penetrating Damask fragrance. Especially fine for cutting as the buds will open slowly into gorgeous 50-petaled blooms. 2-year, No. 1 plants, \$1.50 each; 3 for \$3.75, postpaid.

MAKE YOUR PLANTINGS PERMANENT

HARDY PERENNIALS

Will Bloom This Summer

The FAMOUS IMPERIAL HYBRIDS DOUBLE HOLLYHOCKS

New hybrid strain of an old favorite garden flower. New brilliant colorings, new larger blooms and new hardiness make this an outstanding strain. Desirable for background plantings as they grow to 5 feet tall. Being hybrids, they come only in mixed colors, and we cannot ship by any specified color. 2-year roots, will bloom this summer. **25c each; 5 for \$1.00.**

WHITE BABY'S BREATH

GYPSOPHILA PANICU-

LATA. The beloved Baby's Breath which is so desirable for use in mixed bouquets during the summer and which may be cut and dried for use in winter floral arrangements. Grows about 2 feet high and makes a rounded mass of misty white when in bloom. We offer nice 2-year roots which will bloom this year at **30c each; 4 for \$1.00.**

White Flowering Baby's Breath

DELPHINIUM

For Bedding or Cutting

A favorite wherever flowers are grown. Their long blue spikes provide just the touch of color needed to make a charming planting. We can furnish in light or dark blue. Grow about 3 feet tall. **35c each; 4 for \$1.00, postpaid.**

KRIDER'S DIANTHUS FLAMING STAR

One of the finest plants ever introduced for the rockery or perennial border. Hundreds of flaming star-shaped flowers borne on a dwarf bunchy plant resembling a Pincushion. Bluish green foliage makes striking contrast to color of flowers. Perfectly hardy and blooms year after year with no attention. Grows only 4 to 6 inches high. **Postpaid for 35c each; 4 for \$1.00.**

Dianthus, "Flaming Star"

Hybrid Double Hollyhocks

PLANT PERENNIALS FOR MASS EFFECT

Perennials should always be planted in groups of three or more for best color effect. Two dozen plants, one of a kind, planted in a bed will not produce nearly the effect that two dozen plants, four or six of a kind, will produce.

Bedding Delphinium

STURDY PERENNIALS

FOR PERMANENT COLOR and BEAUTY

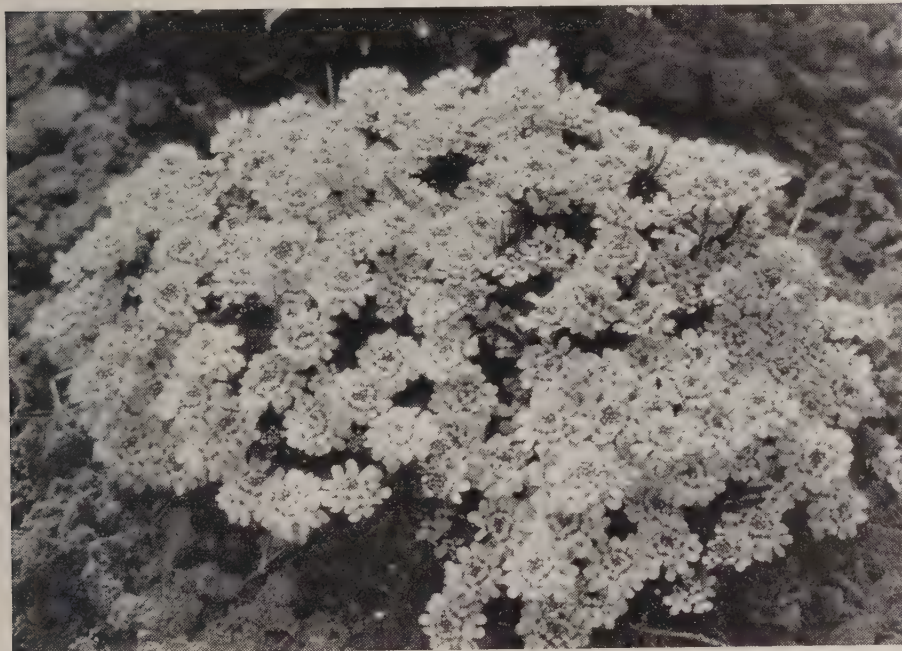

WELL-ROOTED, 2-YR., FIELD-GROWN PLANTS

Blue Platycodon - Balloon Flower

Showy deep blue flowers from June to October. Buds resemble a small blown-up balloon, open into beautiful bell-shaped blooms of finest quality and texture. Grows to 2 feet and is fine for cutting. **35c each; 4 for \$1.00, postpaid.**

Blue Platycodon—"Balloon Flower"

Dwarf Iberis—Hardy Candytuft

HARDY CANDYTUFT or IBERIS

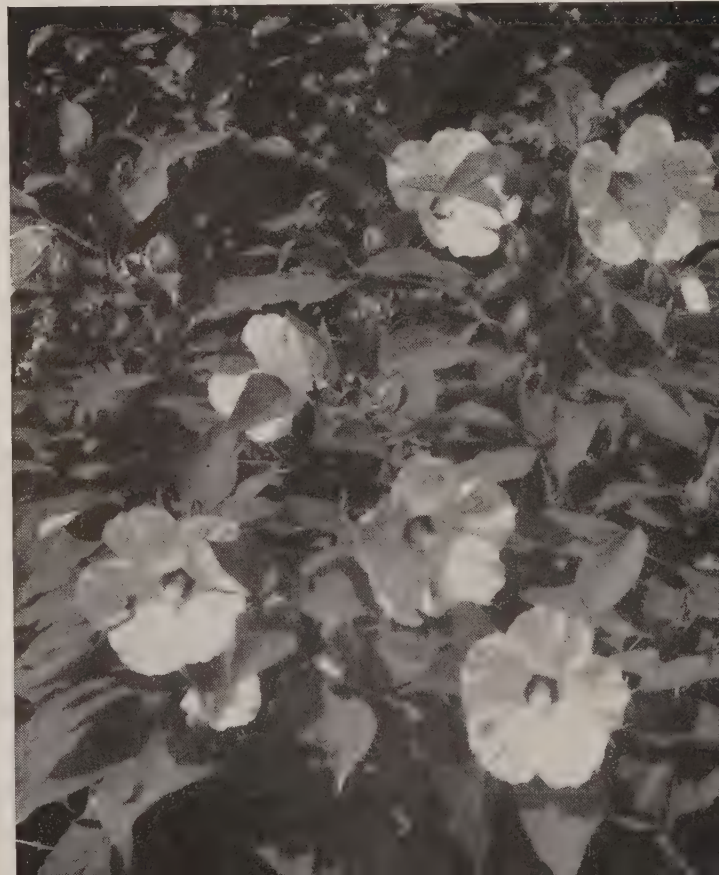

One of the loveliest of the semi-dwarf plants. Foliage is almost evergreen, remaining green until almost New Years. Each spring the plant is covered so densely with white, snowflake-shaped blooms, that it really resembles a small mound of snow. Very hardy, easily grown and requires only average garden soil. Reaches only about 12 inches in height, which makes it invaluable for the foreground in perennial beds or for low borders. **2-yr., well-rooted plants, 35c each; 4 for \$1.00; 10 for \$2.00, postpaid.**

HIBISCUS

Truly the "show-boy" of the perennials. Shoots start each year from the ground and grow to a height of 4 to 6 feet. They then bear great numbers of giant bell-shaped blooms measuring six inches or more across. Rich in color and hardy as an oak. Wonderful for background subjects or for an informal high summer hedge. **Nice 2-yr. roots, only 25c each; 5 for \$1.00, postpaid.**

PLEASE NOTE: Perennials, Strawberries, and plants shipped from pots will not be sent until proper time for planting, when new growth has started. This will insure immediate and better results for the customer.

Large-Flowering Hibiscus—"Mallow Marvel"

Good
News

3 SPLENDID PATENTED ROSES for Home Gardens

GOOD NEWS PLANT PATENT No. 426

Really good news for Rose lovers. Buds are deep copper-pink and open into gorgeous, large double blooms with a coppery center blending to shell-pink on the outer petals. Richly fragrant. Blooms almost continuously throughout the summer and fall until freezing weather. Sturdy, healthy plants with fine foliage and habits. A truly fine Hybrid Tea. **2-year, No. 1 plants, \$1.50 each; 3 for \$3.75, postpaid.**

CHARLOTTE ARMSTRONG—AARS

PLANT PATENT No. 455

The top place winner in All-America Rose Selections in 1941. A real Rose aristocrat that produces a profusion of richly scented, coral-rose blooms on erect, vigorously growing plants. Foliage is rich green and abundant. Stems are long and wiry, lending perfect support to the exquisite blooms. Long, pointed buds unfold slowly and as blooms age they acquire a soft coral-pink shading. **2-year, No. 1 plants, \$1.50 each; 3 for \$3.75, postpaid.**

GRAND DUCHESSE CHARLOTTE—AARS

PATENT PENDING

Beautiful long, pointed buds of a unique deep rose shade which open into gorgeous blooms of dusty rose. An outstanding everblooming Hybrid Tea Rose for lovers of fine plants and blooms. **2-year, No. 1 plants, \$1.50 each; 3 for \$3.75, postpaid.**

FAVORITE and RELIABLE CLIMBING ROSES

IMPROVE YOUR GROUNDS
BY PLANTING THESE

CLIMBING AMERICAN BEAUTY

An old favorite Climbing Rose. Very hardy and a vigorous grower. Free bloomer. Color deep pink. Blooms extra large, resembling Tea Roses in shape and size.

CLIMBING TALISMAN

A truly distinctive Climber. Fragrant and rich in color shades. Buds are orange-yellow opening into large blooms of salmon-orange, shaded with red and gold.

Paul's Scarlet Climber

PAUL'S SCARLET CLIMBER

One of the greatest of the hardy Climbers. Combines rapid growth with extreme hardiness and free blooming habit. Brilliant scarlet flowers which are large and last over a long period.

Climbing American Beauty

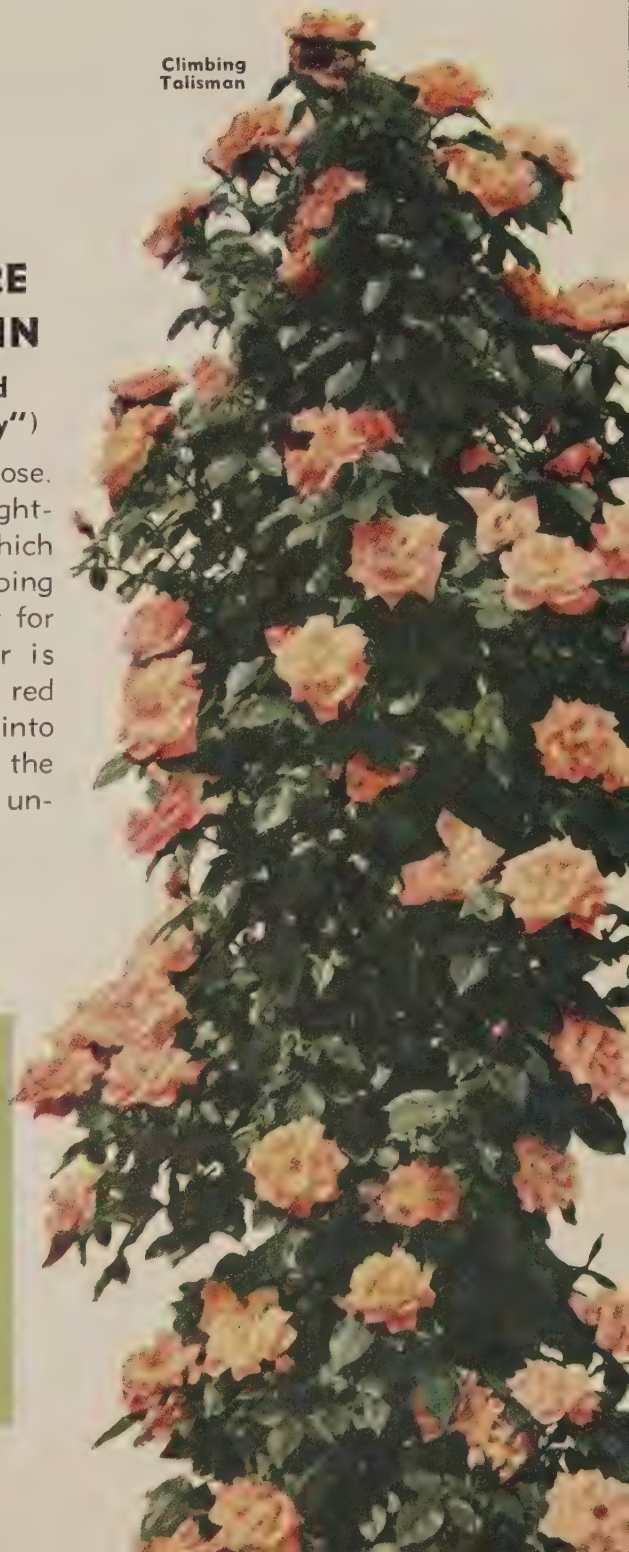

MME. GREGOIRE STAECHELIN

(Often called
"Spanish Beauty")

The wonder Rose. Possesses a delightful fragrance which is rare in Climbing Roses. Excellent for cutting. Color is charming deep red in bud, opening into a pearly pink as the perfumed petals unfold.

Showing Effective Use of Teucrium for a Dwarf Hedge Along Walk—Inset Shows Single Plant

TEUCRIUM THE LOVELIEST OF BORDER OR DWARF HEDGING PLANTS . . . A HARDY PERENNIAL . . .

FOLIAGE IS ALMOST EVERGREEN . . . NEEDS BUT LITTLE CARE OR SHEARING . . . THE IDEAL PLANT FOR EDGING A BED OR WALK

Ideal for all edging work, or for low border hedges. Foliage is evergreen for ten months of the year and plants stay dwarf. Ten to fifteen inches is as high as they grow and an occasional very light trimming will hold their beautiful compact shape.

Hardy in all sections of the country and thrives in most any location. Ideal in front of low walls.

Should be planted 6 inches apart for a dense hedge. Note how effective Teucrium is when edging a perennial bed as illustrated.

Four or five plants planted in a group will make an ideal corner clump for a perennial bed or the corners of a Rose garden.

Don't fail to get some of these plants for that dwarf hedge you've wanted.

FOR BRILLIANT COLOR GAILLARDIA "GOBLIN"

**FOR SURE GROWTH IN
THOSE SPOTS WHERE
NOTHING ELSE THRIVES . . .**

One of the showiest of the new Gaillardia. Giant sized blooms of rich coppery yellow with deep, glowing wine-red center disc. For brilliant color in the perennial bed they are unequalled. Excellent for cutting and all bouquet use. Grow 3 feet tall. **35c each; 4 for \$1.00, postpaid.**

.. TEUCRIUM PRICES ..

25c each; 10 for \$2.00

25 for \$4.50; 100 for \$16.00

**PLANT TEUCRIUM 6 INCHES APART
TO MAKE A DENSE LOW HEDGE . . .**

Gaillardia, "Goblin", for Colorful Gardens

A Hardy PERENNIAL of Widely Varied Usage **SEDUM** "SPECTABILIS" or "Live Forever"

A familiar plant to our older friends and customers. Many gardens contain the old-fashioned "Live Forever" which have grown and bloomed for many years in one location. It is now coming back into new favor as people rediscover its many good qualities.

One of the hardiest of all plants, it seems to thrive under the most difficult conditions. Comes up and blooms year after year with little or no attention. Withstands heat, drought, cold and shallow, poor soils. Foliage is ornamental all summer long and the large, flat heads of clear pink blooms are produced on sturdy stems and in abundance. Plant ordinarily reaches 8 to 12 inches in height with bloom stems rising 6 to 10 inches above foliage during blooming season.

Close-Up of Fully Open "Live Forever"
Deep Pink Blooms and Light Green Foliage—Both Beautiful

Blue Flowering Daylily—Hardy Funkia

Sedum "Spectabilis" Used in Ornamental Bucket

*Use "Sedum Spectabilis"
In Pots or Pails
On Each Side of Your Steps
Ornamental, Effective . .*

One of the greatest features of "Sedum Spectabilis" is its versatility. Use it as a flowering perennial in the foreground of the bed or border; plant it among low growing shrubs for increased foliage and color effects; set one plant in each of two pots or pails and use them on each side of the steps; place plants 12 or 16 inches apart in porch or window boxes; use it as a low growing summer hedge between various sections of the vegetable garden; set plants 10 inches apart for a flowering hedge around a Rose or perennial bed. In fact, you probably can think of a dozen other uses for such a plant. And remember, best of all is its extreme hardiness and the ease with which it can be grown.

**We Offer Heavy, 2-Year, Field-Grown Transplanted Plants for Only
40c Each; 4 for \$1.50; 8 for \$2.50; 12 for \$3.50;
25 for \$6.00, Postpaid**

BLUE FLOWERING DAYLILY

Hardy Funkia

Broad, pale green, fluted leaves, variegated by white band and varied streakings. Valued for its foliage as well as for the blue flowers hanging in loose panicles from heavy short stems. Grows 4 feet tall.

35c Each; 4 for \$1.00, Postpaid

Scintillating Red "Chateau"

"CINNABAR"

If you want one of the best Floribunda Roses, then get "Cinnabar". Stands cold, heat or drought and blooms from June until freezing weather. Upright in growth, reaching 18 inches or more. Color is true cinnabar or cinnamon-red. Satiny and glowing with richness, "Cinnabar" stands out like a beacon in any planting. An exquisite Rose and one you'll be proud to have in your plantings. **Heavy rooted, 2-year plants which will bloom this summer, \$1.25 each; 3 for \$3.25; 6 for \$6.00; 12 for \$10.00, postpaid.**

"ELSE POULSEN"

A truly delightful Floribunda Rose which grows readily and blooms heavily, practically the entire summer. Color is a light silvery pink. Upright growth. Ideal for bedding along driveways, around bird baths, etc. **85c each; 3 for \$2.25; 6 for \$4.25; 12 for \$7.20, postpaid.**

\$3.50

Sparkling Orange-Red Floribunda, "Cinnabar"

FOUR THRILLING FLORIBUNDAS

"CHATEAU"

Be prepared to literally have your "eyes knocked out" when you first see "Chateau" in bloom. A red to end all reds. Color is so intense and so scintillating that even the wonderful red of Etoile de Hollande seems pale beside it, and the color holds without fading as long as the blooms last. As with other Floribundas, plants are very hardy, grow under adverse soil and weather conditions and bloom abundantly from spring until freezing in late fall. "Chateau" grows about 24 inches high and blooms have stems sufficiently long for cutting. If you want a really bright color for beds or along a drive, get this one. **2 year No. 1 plants, \$1.00 each; 3 for \$2.75; 6 for \$4.75; 12 for \$8.50, postpaid.**

Else Poulsen

"RED RIPPLES"

One of the most scintillating red Floribunda Roses we have ever seen. It is that sparkling shade which immediately stops the eye. Grows to 30 inches tall and in true Floribunda style. Buds are perfect and hold well on the plant or after cutting. Plants bloom continually from June until freezing fall weather. A mass of red through the summer months. Petals have wavy, rippling edges. Ideal for massed plantings. **2-year No. 1 plants, \$1.25 each; 3 for \$3.25; 6 for \$6.00; 12 for \$10.00, postpaid.**

Red Ripples

FIVE GARDEN GEMS IN POLYANTHAS

UNIVERSAL FAVORITES FOR BEDDING, EDGING—
DWARF, HARDY AND PROLIFIC BLOOMERS

GOLDEN SALMON

Rich, deep salmon color which glows like bright copper when a mass of them are in bloom. Excellent foliage which seems to be resistant to disease. A riot of color all summer long. One of the brightest and flashiest Polyanthas. Use liberally along walks, for massed beds or in front of taller plantings of shrubs or Roses.

"Golden Salmon" Makes a Charming Walk Edging

YELLOW POULSEN

Another delightful Polyantha Rose from the great Poulsen family. Like all Polyanthas, it is very hardy and blooms prolifically all through the summer and fall. Buds are a deep yellow opening into clear, lemon-yellow blooms. Excellent variety where yellow can be used for bright color in beds or edgings.

Yellow Poulsen

GRUSS AN AACHEN

One of the older varieties, but one of the most beautiful. Sparkling silvery pink blooms come in such abundant clusters that the plant appears as a colorful mound. All the Polyantha hardiness and good growing habits. Use for massed plantings or colorful beds along walks or driveways. In bloom continuously from spring until freezing weather.

Pink "Gruss an Aachen"

Orleans

ORLEANS

If you prefer a lovely pink shade for beds, etc., then Orleans is the answer. Same characteristics as other Polyanthas. You will revel in the masses of rich pink blooms which this variety produces.

Edith
Cavell

All 2-Year, Field-Grown Plants.

EDITH CAVELL

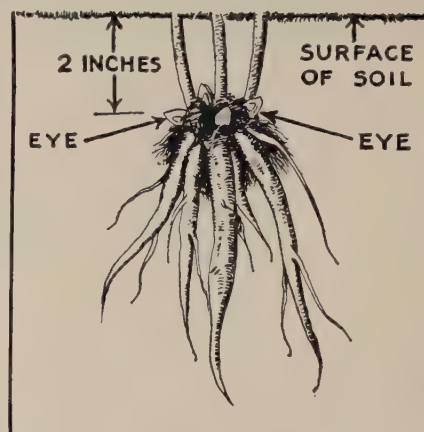

The dark red Polyantha. Rich dark green foliage. An ideal variety for bedding or planting along the top of walls. Like all Polyanthas, it is hardy and blooms all summer.

CONSIDER THESE HELPFUL PLANTING DIAGRAMS

And Raise Better Plants of All Kinds—Correct Planting is Important

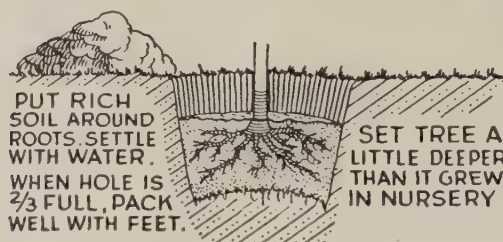

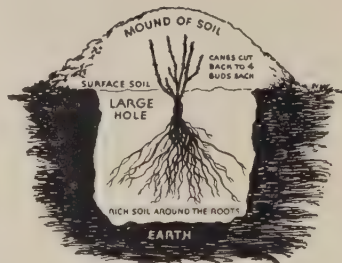

At left: A correctly planted and cut back Rose bush. Note bud joint $1\frac{1}{2}$ inches below ground surface. Cut back at planting and each spring thereafter.

Plant all Peonies as shown in the drawing at left. This is very important as Peonies may never bloom if planted too deep. Soil must be well drained and fertile.

At right: Have hole large to avoid root crowding. Mound up soil for winter protection.

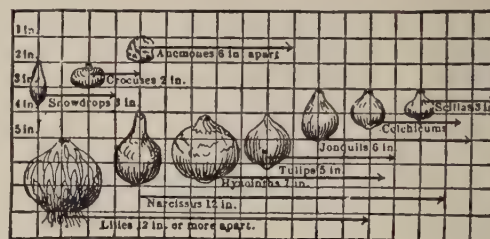

Correct planting of trees and shrubs of all kinds. Keep well watered, especially first season. Fertilize each spring.

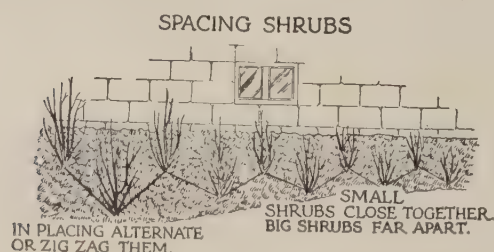

Plant all Perennials in rich, deeply spaded garden soil. Keep well but shallowly cultivated. Addition of fertilizer each spring helps promote better growth and blooms. Keep well watered.

Correct planting depths for the various perennial root types.

Correct planting depths for bulbs of various types. Save for reference when planting this fall.

PLANT THREE OR MORE OF A KIND TOGETHER.

Set large shrubs $3\frac{1}{2}$ to 4 feet apart; medium growing 2 to 3 feet apart; and low growing $1\frac{1}{2}$ to 2 feet apart. Keep oldest growth cut out and entire shrub shapely by yearly pruning.

Plant Privet and similar hedge plants 10 inches apart; Barberry 18 inches; Spirea 18 inches; Honeysuckle 20 to 24 inches; and Evergreens and Chinese Elm 24 inches.

Too Deep Too Shallow Just Right

Correct Strawberry planting; crown at ground level; roots well spread.

NOTE: See page 61 for Boysenberries and Blueberries; page 62 for Raspberry and Blackberry culture.

DAHLIAS FOR AUTUMN COLOR

Have exquisite blooms and lots of color in your fall garden by planting Dahlias this spring.

We offer an outstanding group of fine varieties of Dahlia tubers. This group includes 7 different, well known choice varieties, not labeled—7 distinct colors in Decorative, Cactus and Pompon types. To save labor we are offering them unlabeled only, at a lower than usual price.

Blooms of Daisy "Supreme"
New Giant Super Daisy

NEW SUPER DAISY "SUPREME"

Blooms as Large as Five Inches Across!

Here you are, folks—a real Daisy lover's dream. Immense giant white blooms, often measuring 5 inches across, with a bright golden center. Two rows of petals almost create a double effect. Stems are long, from 24 to 36 inches, and hold blooms stiffly erect. All the hardiness of the Shasta Daisy family but so far superior in size and quality of blooms that the older types are rendered obsolete. There was only one name to give to this remarkable Daisy and that was "SUPREME", because it really stands supreme among all white Daisies we have ever seen. Blooms heavily and profusely over a long period in June and July. **2-yr., field-grown roots which will bloom this summer: 40c each; 4 for \$1.50; 8 for \$2.75.**

Heuchera—Red Coralbell

GOLDEN HELIOPSIS

(Incomparabilis)

For rich golden color in the perennial bed we know of no other flower which will be more satisfactory. Perfectly hardy, it comes up year after year. This variety is extremely large flowering and the deep golden blooms are borne in abundance on 18- to 24-inch stems. Excellent for cutting, keeping for a long time in floral arrangements. Plant in groups of three or more for bright masses of color in beds. **Nice 2-year plants which will bloom this year: 40c each; 4 for \$1.50, postpaid.**

RED CORALBELL

HEUCHERA, Pluie de Feu

A real coral-red Coralbell. For bright spots of color in the border or rock garden this splendid Coralbell serves admirably. Stems are strong and stand erect. Flower spikes are large and color is really brilliant. Excellent for shady spots. Grows 18 to 24 inches tall. **Nice, 2-year plants: 35c each; 3 for \$1.00, postpaid.**

**COLORFUL, HARDY
PERENNIAL PLANTS**
STURDY FIELD-GROWN—READY TO

DOUBLE LYCHNIS

A brilliant addition to your Perennial garden. A hardy plant forming a rounded mound of rather grasslike foliage from which 12- to 16-inch stems arise, each topped by a clustered spike of brightest cerise-red bloom. Color is unusual and several of them planted in a group make a splash of brilliance in any planting. **Nice 2-year, field-grown plants: 40c each; 4 for \$1.50, postpaid.**

Double Lychnis

Brilliant New Heliopsis
"Incomparabilis"

OLD FAVORITES AND FINE NEW INTRODUCTIONS

GROW AND BLOOM THIS SUMMER

BEAUTIFUL, NEW, Double Flowering DAISY "MT. SHASTA"

A wonderful NEW Daisy to add glory to your gardens. Large pure white blooms with a high tufted center which resembles tightly clipped needlework. Plant is very hardy and produces an abundance of beautiful blooms over a long season. Tough, wiry stems make it fine for cutting and the flowers are lovely in all floral arrangements. Plant liberally of this splendid new pure white double Daisy and have a beautiful display in your beds plus plenty of blooms for indoor bouquets. Florists have gladly paid \$2.00 per dozen for these blooms to make artistic wedding arrangements. Long stems add to their value.

Nice Sturdy Plants—Will Bloom This Year
50c Each; 3 for \$1.25, Postpaid

"Mt. Shasta"—Beautiful New Double Daisy

Beautiful PINK LYTHRUM

THE HARDY MORDEN STRAIN
A "DIFFERENT" PERENNIAL FOR YOUR BEDS OR
BORDERS—HARDY—WILL BLOOM THIS YEAR

If you want a rather tall growing perennial that will provide a lot of bright pink color in your borders or beds during the hot months of July and August, then plant a clump of beautiful Lythrum plants. Reach a height of 3 to 4 feet. Matured plants form a clump which each year throws up a great number of willowy stems each of which terminates in a foot-long spike of bright pink blooms. Hardy, a rapid grower, and our 2-year transplanted plants will bloom this year. Don't fail to get some of these if you want good summer color in your garden.

40c Each; 4 for \$1.50, Postpaid

Hardy Pink Lythrum—Morden Strain

Old-Fashioned Sweet Williams

Old Fashioned SWEET WILLIAMS

English Violets

One of the best loved old-fashioned flowers. No garden is complete without a few of these plants. Very easy to grow and sure prolific bloomers. Will add much color and charm to the beds or border. We offer heavy rooted plants, in mixed colors only, which will bloom this summer. Grow about 2 ft. tall.

NICE PLANTS FOR BLOOM THIS YEAR

5 for \$1.00; 10 for \$1.75, Postpaid

ENGLISH VIOLETS

IDEAL FOR EDGING

Effective and beautiful for all types of borders or beds. Grows only 6 to 8 inches high. Broad, heavy foliage of deep green. Single flowers of purple-violet borne in profusion on graceful stems. Hardy and will thrive under most any conditions. For edging use, plant 8 inches apart. **Price: Only 35c each; 5 for \$1.25; 10 for \$2.00, postpaid.**

Barberry Makes a Beautiful Hedge. Effectively Wards Off Trespassers Too

Sturdy Varieties of HARDY HEDGE Plants

HARDY AMOOR RIVER PRIVET

Most universally planted of all hedges. Shiny dark green leaves, not subject to blight or disease. Very hardy, a rapid grower. May be sheared any shape. Plant 10 inches apart and prune back to 8 to 10 inches after planting for a dense hedge. 2-yr., well branched, 15 to 18 in., 25 for \$3.00; 50 for \$5.50; 100 for \$10.00.

GREEN-LEAVED BARBERRY

America's most popular low-growing hedge. Bright green leaves turn to dazzling shades of red, gold and bronze in the fall. Brilliant red berries in great numbers stay on through the winter months. Perfectly hardy and will grow in shade or on poor soil. May be pruned or sheared any time. 9 to 12 in., 25 for \$1.50; 100 for \$5.00. 12 to 15 in., 25 for \$3.00; 100 for \$10.00.

SPIREA VAN HOUTTEI HEDGE

The most popular of all shrubs. Profuse clusters of tiny white blooms completely cover the sweeping branches in May. Delicately cut leaves stay bright green until autumn, then turn to bright shades of bronze and yellow. Grows to 6 feet, but may be pruned any time after blooming period. Makes a beautiful flowering hedge. 2-yr., 12 to 18 in., 25 for \$3.00; 100 for \$10.00.

DWARF HARDY BOXWOOD FOR DWARF EVERGREEN HEDGES

No doubt you have at various times admired the dwarf Boxwood hedges used so much for garden outlines on large estates. Most of the earlier Boxwood in this country came from England and later was much used in Virginia, New Jersey and other eastern states.

We have grown quite a nice stock of these plants which have proven entirely hardy in Northern Indiana and now offer them to our customers at a reasonable price. In extreme northern sections they should be given some winter protection.

(Note: For close hedges, plant 6 to 8 inches apart. For bed outlining plant 1 foot apart. Will eventually reach 2 to 3 feet high unless severely sheared and kept low.)

**6-yr., 6 to 8 inch plants: 45c each;
10 for \$3.50; 25 for \$7.50; 100 for \$25.00**

St. Charles, Mo.,
May 5, 1947.
Krider
Nurseries, Inc.,
Middlebury, Ind.

Gentlemen:
Received my
thornless climber
in good condi-
tion and want to
thank you very
much for same.
MRS. E. E.

BUSH HONEYSUCKLE FOR HEDGE

No hardier plant can be found than the Bush Honeysuckle. Grows to a height of 8 to 10 feet, with upright and somewhat spreading branches. Foliage is bright green and flowers are borne freely in May and June. Very fragrant and attracts bees and humming birds. Showy red berries ripen in summer and cling to the bush for many weeks. The best shrub in our nursery for a high, compact hedge, for screening purposes, or to attract birds. 2-yr., 18 to 24 in., 25 for \$3.50; 100 for \$12.50.

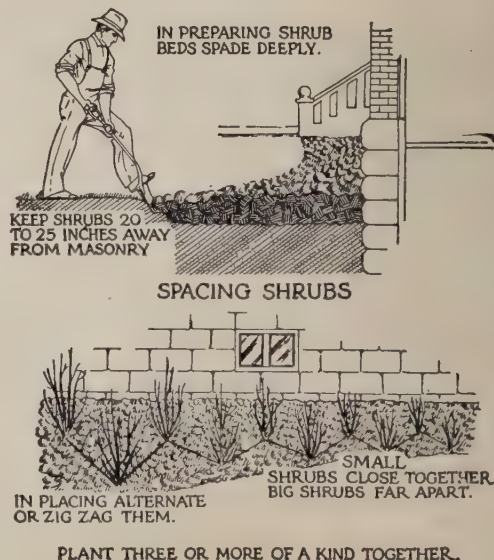

PLANTING AND GROWING HEDGES

Beautiful hedges are easily grown if a few simple instructions are observed. Dig a trench 10 to 12 inches deep and the width of a spade. Set the plants a couple of inches deeper than they stood in the nursery. This insures a dense hedge at the base. Privet should be set 10 inches apart, Barberry about 18 inches. Shrubs such as Spirea 18 inches, Chinese Elm 2 feet, and Evergreens 2 to 3 feet. Spacing may be varied depending upon the density desired. After spacing plants, fill in about one-half of the depth of the trench, then flood with water. After settling fill in balance of the trench and tramp firmly. Leave a slight depression along each side of the hedge to retain water. Keep thoroughly soaked until well started. Privet should be cut back to about 8 to 10 inches after planting to promote vigorous growth. Hedges planted in this manner rarely fail to grow.

PLANTING DISTANCES FOR VARIOUS SHRUBS

Large growing shrubs should be planted 4 to 5 feet apart in shrub borders. Dwarf trees about 8 to 10 feet apart. Medium growing shrubs 2 to 3 feet apart and low growing varieties, 1½ to 2½ feet apart.

How to Plant Shrubs

TWO VERY LOVELY HARDY MAGNOLIAS

Among the finest of all ornamentals are these hardy Magnolias. Large bell-shaped blooms measuring 5 to 7 inches across. Beautiful waxen sheen. Plants begin blooming when quite small, many times flowering in the nursery row when 18 to 24 inches tall. Usually bloom for the customer the second season after transplanting. Eventually attain a height of 10 to 12 feet in midwest and northern climates. Set in good soil and keep well watered first season. Annual fertilizing helps to promote good growth.

YOUR CHOICE

PINK OR RED FLOWERING

\$2.50 ea.; 2 for \$4.50

Always Popular and Always Lovely
Old-Fashioned Purple Lilac

PERSIAN LILAC

If you love the fragrance and loveliness of blooms of the Lilacs, then you will want to add the Persian variety to your plantings. Its lacy, pinkish lavender panicles come along after the old-fashioned Purple Lilac has finished blooming. Thus the season of Lilacs is greatly prolonged. Mature plants are somewhat finer in branch texture than other Lilacs and foliage is bright green and ornamental all season. Grows readily in average soil and may be kept in bounds by trimming when desired size is reached. **Nice 2-yr. plants: 75c each; 3 for \$2.00.**

Pink

Hardy Magnolia (Soulangeana)

Red

ROSE TREE OF CHINA (Prunus Triloba)

Wonderful dwarf variety of the flowering family. Blooms early in the spring before the leaves appear. The small tree seems decked with garlands of double flowers, pink in color. Very good for the border or for specimens. Grows 8 feet high. **Heavy rooted, 2- to 3-ft. trees, only \$1.00 each; 2 for \$1.75.**

NOTE BEFORE ORDERING ROSE TREE OF CHINA

The above-named tree cannot be shipped into the following States: California, Washington, Oregon, Colorado, Montana, Nevada, Utah, Arizona and Florida.

Old-Fashioned Purple Lilac

No other shrub has quite the place in the hearts of people that the old-fashioned Lilac has. Grows anywhere and its masses of light purple bloom in early spring are a constant delight. Fine for tall hedges, screens or specimens. No grounds complete without this fine old shrub. Grows to 10 to 12 feet tall. **50c each; 3 for \$1.25.**

Rose Tree of China

"Blue Bird" Veronica

AMERICA'S FAVORITES in Hardy Flowering PERENNIALS

ALL ARE 2-YEAR, FIELD-GROWN PLANTS

"BLUEBIRD" VERONICA

This beautiful plant has long, slender, bronze-green leaves and carries a great quantity of indigo-blue flowers formed as curved spikes. Be sure to include this in your garden. Blooms continually from July to October. A real value at this low price. Grows about 2 feet tall.

Nice Field-Grown Plants—Will Bloom This Year
40c Each; 4 for \$1.25, Postpaid

GIANT FLOWERING PACIFIC HYBRID DELPHINIUM...

Words cannot adequately describe the elegance and beauty of this marvelous new strain of Hybrid Delphinium. Giant stalks bearing flower spikes of enormous size. Individual florets are each perfect and exceptionally large, measuring as much as 2½ inches across. The colorings will thrill you. **Being Hybrids we cannot ship plants by color or guarantee what shade the plant will bloom**, but they run the range of blues, lavenders and mixed shades. Some have outer petals of blue with inner petals of soft orchid.

Plant 12 to 18 inches apart in good garden soil. Keep well watered and fertilized with frequent **shallow** cultivation.

12 for \$3.00; 8 for \$2.25;

4 for \$1.25; 35c each

● **THESE PLANTS WILL
BLOOM THIS SUMMER** ●

Giant Flowering Pacific Hybrid Delphinium

Dwarf Pink Creeping Phlox

DWARF PINK CREEPING PHLOX

One of the most beautiful of the low creeping plants is Phlox Subulata. Use it liberally in those spots where no other plant seems to do well and you will be delighted with the results. It is hardy under most conditions and is a mass of color in early spring. Plant 1 foot apart each way to make dense ground cover in short time.

2-Year, Field-Grown Plants
35c Each; 4 for \$1.00; 12 for \$2.50

FOR CUTTING or BEDDING
PERENNIALS FOR COLOR
 WILL BLOOM THIS SUMMER

DAPHNE

A HARDY PERENNIAL

Dwarf spreading plant with rather trailing branches, yet holding the form of a low mound. Small, slender foliage is densely placed and remains practically evergreen. The real thrill comes in April and May when the small, soft pink blooms appear in such profusion as to make the entire plant appear as a low pink mound. Has a particular sweet and penetrating fragrance. Splendid plant to use in a rock garden located in semi-shade, or for use in front of taller growing perennial plants.

Nice Plants from 3-Inch Pots
\$1.00 Each; 3 for \$2.50, Postpaid

Gaillardia

"Sun God"

PLANT PERENNIALS THIS SPRING

Daphne—A Mound of Fragrant Loveliness When in Full Bloom

Linum Perenne—Hardy Blue Flax

HARDY BLUE FLAX LINUM PERENNE

Every morning this fine plant presents you with an abundance of new blooms for cutting. Grows about 2 feet high and has feathery blue-green foliage. Truly sensational when used in bouquets with Painted Daisies, Shasta Daisies, Asters, Gypsophila, etc. May also be used as contrast blossoms with Lilies or Roses. Every garden should have a few of these plants. **2-yr., 35c each; 4 for \$1.00, postpaid.**

GAILLARDIA "SUN GOD"

One of the finest additions to the famous family of Gaillardias. Immense, rich golden yellow blooms on tall, erect stems about 24 inches long. Very hardy and thrives under adverse conditions. Blossoms freely over a long period, providing lots of color in the perennial bed or border. Fine cut flowers, keeping a long time.

35c Each; 4 for \$1.25, Postpaid

[29]

BEACH PLUM (*Prunus Maritima*)

Something really fine and new to add to your plantings! A very ornamental, rather dwarf growing tree which will enhance the appearance of your grounds and in addition will produce an abundant crop of delicious fruit. You have no doubt heard of the famous "Beach Plum" Jelly . . . Well here is the variety from which it is made. The plums are bright red blended with gold and will make some of the most sparkling jelly you ever saw. Trees begin bearing at an early age and will continue to produce heavy crops for years. We have a nice stock of these in well-rooted trees and offer them at a real value giving price. **3-ft. trees, \$1.00 each; 3 for \$2.75.**

Pink Flowering

DOGWOOD

CORNUS FLORIDA RUBRA. Symmetrically spreading tree, growing to a height of about 20 feet. The large reddish pink flowers which come before the leaves appear in the spring, present a vision of loveliness against the new green of an early spring lawn. Foliage is a deep green turning to rich bronzy red in autumn. Ideal as a specimen plant or fine for group plantings. **Heavy rooted, 18- to 24-inch trees for only \$2.00 each; 2 for \$3.50.**

FLOWERING ALMOND

Earliest spring-flowering shrub, in full bloom before the leaves appear. Beautiful pearly pink, double blooms snuggle tight to the twigs, completely covering the bush. Medium height. **2-year, 60c each; 3 for \$1.50.**

WINTERBERRY (*Ilex Verticillata*)

Beautiful foliage, flashing red berries remain until Christmas. Branches and berries make excellent Christmas decorations. Splendid growing habit makes this an outstanding and beautiful shrub. **2-year, 60c each; 3 for \$1.50.**

White Flowering Dogwood

ORNAMENTAL HARDY SHRUBS for NATURAL BEAUTY in the PERMANENT BORDER

ALL ARE WELL GROWN AND WELL ROOTED, 2-YEAR,
OPEN FIELD DEVELOPED—REAL VALUES

PUSSY WILLOW

A small treelike shrub with attractive leaves two inches long and an inch wide. Its popular appeal is the conspicuous silky catkins which bud in the fall, and make those "springy" bouquets just as the snow melts in the spring.

2-year, 50c each; 3 for \$1.25

NOTE

Beach Plum and Flowering Almond can not be shipped into the following States: California, Oregon, Nevada, Washington, Montana, Colorado, Utah, Arizona and Florida.

French Pussy Willow
For Those First "Springy" Bouquets

White Flowering DOGWOOD

Our most beautiful native flowering tree. The leaves are oval, bright green, and turn to shades of red in the fall. Early in spring the large white Dogwood blossoms come and present a sight to please the most exacting.

Heavy rooted, 1 1/2- to 2-ft. trees, only 75c each; 2 for \$1.25.

Gold Flower - HYPERICUM

A shrubby recumbent bush, 3 to 4 feet high with smooth arching branches. Has single golden yellow blossoms and beautiful fine foliage. Does very well in partial shade if soil is not too dry. Foliage is fine and is ornamental throughout the season. **2-year, blooming size, 60c each; 3 for \$1.50.**

FLOWERING HARDY SHRUBS

GOOD STANDARD VARIETIES
FOR THE HOME LANDSCAPER

NICE SPECIMENS, 2-YEAR, FIELD-GROWN,
BLOOMING SIZE

Deutzia, Pride of Rochester

The most popular and hardy of the Deutzias. Grows from 6 to 8 feet in height, and its mass of pinkish white bloom in June is a joy to all beholding it. Does well in any type of soil and for specimen or mass planting it is indispensable. **50c each; 3 for \$1.25.**

SNOWBALL

(*Viburnum Opulus Sterile*)

Always a favorite shrub. Bears masses of large, white, ball-shaped blooms in late May or early June. Grows 8 to 10 feet high, which makes it valuable for use in a shrub border. Also much used for specimen planting on the lawn. Foliage is dark green, leathery in texture and ornamental. **2-yr., blooming size plants: 75c each; 3 for \$2.00.**

Deutzia, "Pride of Rochester"

BEAUTIFUL SPIREAS

SNOW GARLAND SPIREA

One of the finest of the early flowering shrubs. Blooms just as the leaves appear. Entire bush becomes a mass of tiny white flowers. Foliage is cut-leaved, lacy and very ornamental in summer. In fall, after the first frost, it flames brilliantly into shades of red, gold and bronze. Perfectly hardy and thrives under average conditions. Grows to about 4 to 5 feet tall, making it a valuable addition to the list of medium sized shrubs. **50c each; 3 for \$1.25.**

SPIREA DWARF NINEBARK

Semi-dwarf and very thick and bushy in growth, attractive light brown bark, creamy white bloom. Very good for informal hedges or low borders. Reaches 30 inches in height. **50c each; 3 for \$1.25.**

Spirea Van Houttei in Full Bloom—This is America's Most Widely Planted Shrub

SPIREA VAN HOUTTEI

Without doubt one of the most useful and most widely used shrubs in cultivation. Blooming in April and May, the plant throws out long branches that curve and droop to the ground, weighted with a mass of pure white flowers that suggest a fountain of snow. May be used for specimens, massed, or for hedges. Will grow to 8 feet high if untrimmed. **50c each; 3 for \$1.25.**

SPECIAL ON SPIREA VAN HOUTTEI FOR BORDERS OR LARGE PLANTINGS . .

25

A real value in America's most popular shrub. These are ideal for hedging or for planting a Spirea border. Also fine for foundation planting. **18- to 24-inch plants.**

Snowball—An Excellent Shrub

Chieftain

Eva Foerster

DO NOT ALLOW YOUR PHLOX TO GO TO SEED

Keep blooms cut as they fade. If you permit plants to go to seed they will drop hundreds of seeds right around the base of the plant. Next year masses of seedlings will spring up. These usually have the old magenta color and soon kill out your true variety. This soon makes the bed a mass of seedlings.

Graceful "Beauty Bush"—Kolkwitzia

ADDITIONAL VARIETIES OF HARDY SHRUBS FOR NATURAL BEAUTY

2-YEAR, FIELD-GROWN PLANTS
HARDY, LONG LIVED, ECONOMICAL

BEAUTY BUSH

(*Kolkwitzia Amabilis*)

Charming new shrub recently introduced from China. Center stems are upright, the outer branches gracefully arching. Very attractive foliage. Blooms profusely in June. Flowers are bell-shaped, pale pink with orange veins, and are borne in long clusters along the branches. Does well in shade and grows rapidly. **Nice, 2-yr. plants, 75c each; 3 for \$2.00.**

Colorful Golden Leaved Philadelphus

DWARF GOLDEN-LEAVED PHILADELPHUS

FOR HIGHLY CONTRASTING AND
COLORFUL FOLIAGE EFFECTS

Beautiful bright golden leaves all summer long. White blooms in spring. If you want a bright colorful shrub to use in front of other plantings or to plant a clump of three on each side of a walk, this one is ideal. Grows only about 2 feet high at maturity. May be kept trimmed into a golden ball if desired. We offer nice three-year plants running about 8 to 12 inches high. Must be planted in sun to retain its bright color.

**2-year, 8- to 12-in. plants:
75c each; 3 for \$2.00; 10 for \$6.00**

Green Barberry is Ideal for Corner Plantings

GREEN-LEAVED BARBERRY

No shrub is so generally planted or has so many practical uses as Japanese Barberry. It hasn't a single serious fault, and can be grown in shade, moist, dry or sunny locations. When grown as specimen plants or as an edging to taller shrubs its graceful arching branches covered with luxuriant green foliage in summer and flashing red berries all winter make a most pleasing sight. **50c each; 3 for \$1.25.**

TREES for SHADE and ORNAMENTAL USE

STURDY, WELL ROOTED, FIELD GROWN

GINKGO or MAIDENHAIR TREE

THE OLDEST TREE KNOWN TO MAN

Records show this to be the only tree that is mentioned in the ancient writings of Confucius. Beautiful, finely cut foliage and erect, graceful habit of growth make it desirable. A mature specimen is almost priceless. Perfectly hardy anywhere. Drops all of its leaves within a few hours after the first one drops in the fall. 3- to 5-ft. trees: \$2.50 each; 2 for \$4.50.

Ginkgo or Maidenhair Tree

Tulip Tree—the State Tree of Indiana. Inset shows the odd Tulip-like blooms which appear on trees as they mature.

Flowering TULIP TREE

THE STATE TREE OF INDIANA

One of the loveliest of our native trees, and the State Tree of Indiana. Tall growing, of shapely habit, and its large irregular leaves make it ideal for quick shade. Bears numerous Tulip-like flowers in spring. Blooms are yellow, marked at inside base with orange. 3- to 4-ft. trees, \$1.25 each; 2 for \$2.00.

WEeping WILLOW

The well known graceful Weeping Willow whose long drooping branches, densely covered with fresh green leaves, make it one of the best loved trees. Very rapid grower. 4- to 6-ft. trees, \$1.00 each; 2 for \$1.75.

CORKSCREW WILLOW

If you are looking for something distinctly "different" and novel in trees, you will not be disappointed in this "Corkscrew" Willow. Same easy growing habit and same type of foliage and growth as the Weeping Willow, but instead of hanging down the branches grow in spiral shape like a corkscrew. Trees grow shapely but present an odd appearance with their "screw" branches. Heavy rooted 3- to 4-ft. trees, \$1.35 each; 2 for \$2.50.

Weeping Willow—Most Graceful of Trees

SOME "MUSTS" FOR THE GROWER OF PERENNIALS

ALL ARE 2-YEAR, FIELD-GROWN PLANTS

Genuine Old-Fashioned BLEEDING HEART

Beloved by all. One of the most delightful of the spring-flowering plants. Bears numerous rosy red, heart-shaped flowers pendent on long arching stems. Grows to a height of 2 feet. It was a favorite in grandmother's day and is still good. Don't fail to get it at this price.

2-Yr. Roots, 55c Each; 3 for \$1.50, Postpaid

Beloved Old-Fashioned Bleeding Heart

IRIS SHILKA "The Poor Man's Orchid"

A lovely Iris to beautify your gardens! Discovered by Prof. Hansen in the cold sections of Siberia, near the town of Shilka. Extremely hardy and blooms are oddly shaped, as shown in photo at the left. Color a delicate orchid. In fact, it has been called "the poor man's Orchid." A real beauty and one no flower lover will want to be without.

Iris Shilka
"The Poor Man's Orchid"

AQUILEGIA

**MRS. SCOTT ELLIOTT'S LONG-SPURRED HYBRIDS—
AMERICA'S FAVORITE COLUMBINE**

One of the favorite plants with all lovers of beautiful perennials. Columbine seems to have an appeal all its own because of the lovely pastel shadings of color and the artful delicacy of its bloom form. Mrs. Scott Elliott's hybrids are recognized as being as fine as can be grown. They have marvelous color range and are noted for the long spurs on each bloom. **Being hybrids we cannot ship by color**, but the mixture is well balanced and satisfactory. **2-year, field-grown, 35c each; 4 for \$1.00, postpaid.**

**LOVELY ITEMS FOR LOVELY
GARDENS. Hardy, Dependable -
WILL BLOOM THIS YEAR**

TWO EXQUISITE HARDY CARNATIONS

"TRIUMPH ROSE"

One of the most exquisite in color and fragrance of all the hardy Carnations. A good grower and produces blooms freely from early summer until freezing weather. Stems 12 to 15 inches long make them ideal for cutting. Large, double, Carnation blooms of clear rosy pink color and exotic fragrance. **Field-grown plants will bloom this year: 35c each; 3 for \$1.00; 12 for \$2.75, postpaid.**

"BLACK NIGHT"

Bright satiny blackish red color, exquisite fragrance and general hardiness make this beautiful Carnation a necessity in every garden. Grows 12 to 15 inches high and blooms all through the summer. Flowers are 90 per cent double, although a plant will throw a single bloom now and then. **Field-grown plants, will bloom this year: 35c each; 3 for \$1.00; 12 for \$2.75, postpaid.**

NEW GIANT FLOWERING PEDIGREED HARDY HYBRID PRIMROSES

This new strain of Hardy Primroses is almost beyond the power of words to describe. Individual florets are as large as a half dollar—and several of them are grouped in each cluster. Color mixture is superb, including many of the new pastel shadings. This is the finest strain of Hardy Primrose we have ever seen and you will have to see them blooming on your own grounds to really appreciate just how spectacular they are. We thought so much of it that we paid nearly \$200 for our first thimbleful of seed, just to get a start of them. **We offer nice, 2-yr. plants in mixed colors only at**

SHADE TREES

Hardy, Long-Lived — Will Add Permanent Value to Property

NORWAY MAPLE

This is an exceptionally fine, hardy, large-leaved shade tree. Noted for its resistance to disease and for its long life. **Nicely branched, heavy rooted trees, 6 to 8 ft. tall, only \$2.25 each; 4 for \$8.00.**

SCHWEDLER'S RED MAPLE

Noted for its beautiful foliage. Comes out a rich ruby-red in spring, gradually changes to purplish green, then in fall colors to bright shades of red and purple. Habit of growth similar to Norway. One of the finest Maples for shade. **6- to 8-ft. trees, \$3.00 each; 4 for \$10.00.**

SILVER MAPLE

The fastest growing of the Maples. Much used for street planting because they make a good, quick shade. Foliage of a light green, silvery on the under side and slightly cut-leaved. Color beautifully in the fall. Not as long lived as the Schwedler's or Norway Maples, but will grow quickly and provide good shade for the ordinary lifetime. **Nice, 6- to 8-ft. trees, \$2.00 each; 4 for \$6.50.**

CUT-LEAVED WEEPING BIRCH

No other tree occupies quite the place in the hearts of home builders that this graceful tree does. Its white bark, pendulous branches, delicate green foliage, deeply cut leaves, endear it to all who want a tree both for shade and ornament. A beautiful effect is created by planting three of them as a triangle, about 20 ft. apart. **Nice, straight, 5- to 6-ft. trees, \$3.00 each; 2 for \$5.50.**

Lombardy Poplar

Long Lived Norway Maple

CHINESE ELM

For Quick Shade

The fastest growing shade tree known today. It is much used in the arid sections of the west because of its extreme hardiness and the ease with which it can be grown. Equally valuable for windbreaks or for specimen planting. May also be planted 18 inches apart and kept sheared for hedging. **6- to 7-ft. trees, \$1.50 each; 2 for \$2.75.**

LOMBARDY POPLAR

Tall, slender growing tree for formal planting. Rapid grower and at a distance the mature trees appear as tall sentinels. Dark green leaves, lighter shade on the under side. The roots of the Lombardy Poplar will not grow into and clog sewers, etc., as did the old Carolina Poplar. **6- to 8-ft. trees, \$1.00 each; 10 for \$5.00.**

SPECIAL! LOMBARDY POPLARS FOR BACKGROUNDS, SCREENS, WINDBREAKS—

For screening purposes we offer a 3- to 4-ft. grade in Lombardy Poplars. Plant them 5 to 6 feet apart. A real value at this low price.

10 Trees as Described **\$3.00**
5 for \$1.75

TWO OF THE TOP VARIETIES of HARDY ASTERS. For Fall Color

ASTER "HARRINGTON'S PINK"

WILL BLOOM THIS YEAR

Without doubt the Harrington's Pink Aster has been one of the most beautiful new plants to be placed on the market. Its rich, clear pink color, good growing habits, hardiness and free blooming qualities have made it one of the largest sellers and most popular of perennial plants.

We have a nice stock of these in 2-year, field-grown plants and we know you will be pleased when they start blooming in your gardens late this summer when other blooms are scarce.

40c Each; 4 for \$1.25, Postpaid

New Hardy Aster,
"Violetta"

Famous "Harrington's Pink" Aster

NEW ASTER "Violetta"

One of the **newest** hardy Asters and a mound of rich purple loveliness in late summer and fall when blooms are scarce on other plants. You'll love the profusion with which "Violetta" produces its colorful blooms. Sturdy and hardy, it will come up year after year and provide beauty in the perennial bed or bright contrast when planted in front of or among shrubs in the border. Two-Year Plants Which Will Bloom This Summer.

40c Each; 4 for \$1.25, Postpaid

Colorful Old-Fashioned Canterbury Bells

FOR GAY COLOR OLD-FASHIONED CANTERBURY BELLS

**Every Garden Needs a Few
Clumps of Old-Fashioned
Flowers**

We know of no better ones to plant than these romantic Old-Fashioned Canterbury Bells.

They produce loads of deep bell-shaped blooms over a long period of time.

Grow about 3 feet tall, making them ideal to plant in front of shrubs or along a fence.

We offer these in nice two-year roots in mixed shades only.

WILL BLOOM THIS YEAR

50

Mixed bulbs as described
above. Postpaid for only
25 MIXED BULBS, \$1.50.

\$2.00

EVERGREENS

FOR PERMANENT INCREASE
IN PROPERTY VALUES

GOLDEN ORIENTAL ARBOR-VITAE

(*Biota Aurea Nana*)

A very slow growing, compact variety of the dwarf type. The flattened leaves face outward edgewise, presenting a beautiful surface of vertical fluted lines. Color is a fresh yellow-green, very striking in appearance and valuable in foreground planting. 12 to 15 in., \$1.50 each; 3 for \$4.00.

JUNIPER STRICTA

(*Spiny Greek Juniper*)

For a semi-dwarf pyramidal Evergreen, Juniper Stricta cannot be surpassed. Foliage is a silvery blue, very compact and cedar-like. Reaches about 4 feet at maturity in our section of the country. Will get slightly larger in the South and not quite as large in northern sections. Excellent to use where height is a factor in planning a planting. We offer nice plants in 12- to 15-inch size at \$1.50 each; 2 for \$2.75.

Unless noted
otherwise
all Evergreens
are shipped
by express
F.O.B. nursery.

Green Pfitzer Juniper

NOTE: The Silver Blue Pfitzer described below is similar to Green Pfitzer in habit of growth and in general appearance but foliage is a bright silvery blue in color.

HEMLOCK

Another splendid Evergreen which does well in partially shaded spots is the Hemlock. It is one of the most graceful growing of plants. Foliage is a light fresh green which always looks well in any planting. Will grow to quite large size if left untrimmed; however, the plants should be kept lightly sheared as they develop, thus they will become much more beautiful and foliage will be dense and compact. When the desired height is reached the trees may be kept there by trimming back each year. We have a nice block of these in 12 to 18 in. size at \$2.50 each; 2 for \$4.50.

FASTIGIATA JUNIPER

The New Columnar Juniper

Similar to Irish Juniper in foliage and color but grows tightly compact and columnar. The last word in Evergreens for doorways and formal effects. We have a nice stock of these in 18-inch size, the nicest size for transplanting, and offer them at only \$1.50 each; 3 for \$4.00.

PFITZER JUNIPER

The well known, gracefully spreading, low-growing Evergreen with sweeping fronds of fresh green foliage. Very hardy and does well in sun or shade. Quite rapid in growth when once established. The spreading branches should be kept sheared to form a dense mass of foliage. Allow tips to grow to size desired and then keep in bounds by trimming. (See next page for other Evergreens which do well in shade.) 12- to 15-inch spread, \$1.75 each; 2 for \$3.25.

SILVER-BLUE PFITZER JUNIPER

(U. S. Plant Pat. No. 422)

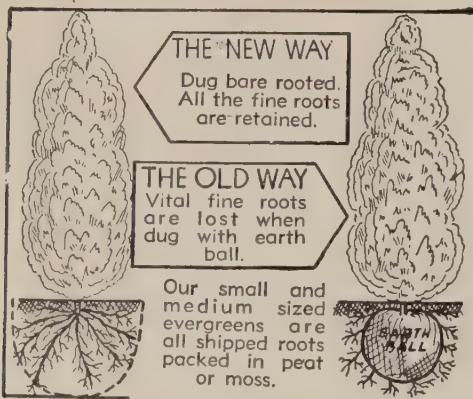

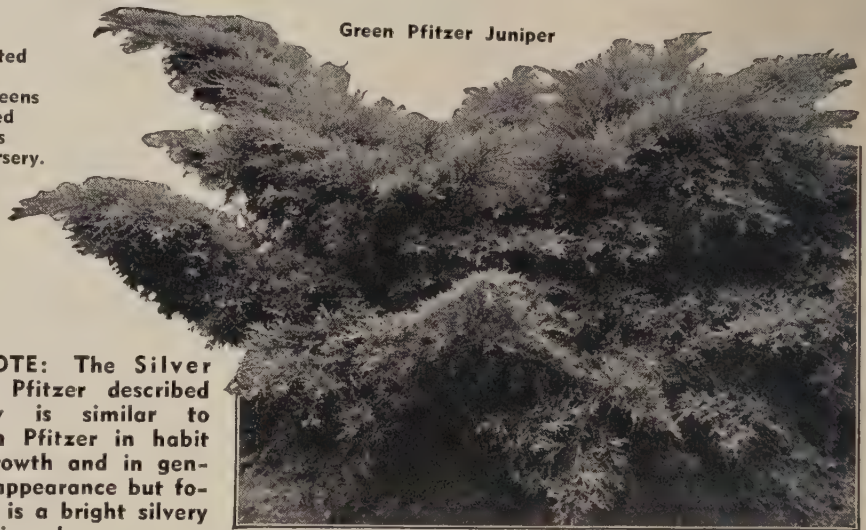

Imagine all the famous good qualities of the Pfitzer Juniper now combined with a beautiful new silvery blue color. Color is as intense and even as the Koster Blue Spruce. Entirely hardy in any section of this country. Grows a little more compact and has slightly finer foliage than the well known green Pfitzer. Otherwise habits are the same. 12 to 15 inch spread, \$2.25 each; 2 for \$4.25.

Golden Oriental Arbor-Vitae

Juniper Stricta—Spiny Greek

Hemlock—Recommended For Shady Spots

Juniper Fastigiata

Retinospora—Plumed Cypress

RETINOSPORA (Plumed Cypress)

Retinospora is especially valuable for corner planting or for use in the border. Has soft plumelike foliage which shears beautifully. This will enable you to keep the plants to the size desired and they will always be close and compact in growth. May be allowed to grow full size if planted along the side of a lawn or in a border planting. Fresh green color with rich golden cast. Needs sun for best color results. **12 to 18 in., \$1.50 each.**

MUGHO PINE

Valuable for all low group plantings. Dwarf in habit, forming a low dome-shaped mound. Color a dark green except in early spring when the tender new growth of light green gives it a pretty two-color effect. **8 to 12 in., \$1.50 each.**

Mugho Pine

EVERGREENS

WHICH WILL ADD BEAUTY
AND DISTINCTION TO YOUR
HOME AND SURROUNDINGS

PYRAMID ARBOR-VITAE

For foundation or group planting in all landscape work. Retains the flat foliage and lovely bright green color at all seasons. Grows compact and develops naturally into perfect pyramidal form. May be sheared for strictly formal effects. **18 to 24 inch, \$1.50 each; 3 for \$4.00.**

YEW

Without doubt the Yews are among the finest and most luxuriant evergreens grown. They are extremely hardy, easy to grow, do well in shade, and harmonize with any other plant.

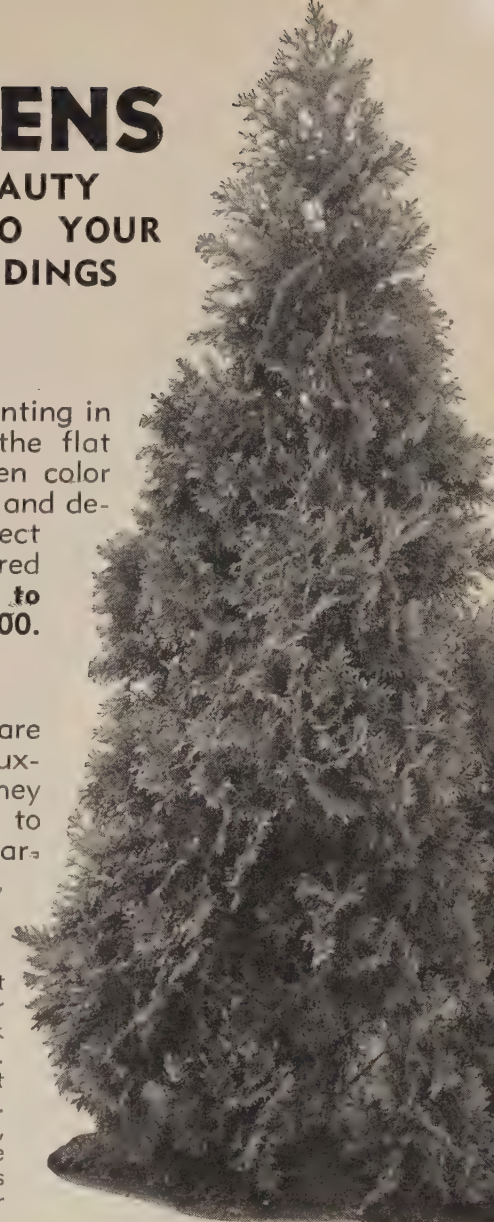

SPREADING YEW

The spreading variety throws out sweeping branches similar to Pfitzer Juniper. May be kept trimmed back to desired size or to fit allotted space. Foliage is a shade of deep green, soft to the touch and always fresh looking. May be kept sheared for a low hedge, allowed to grow its graceful wandlike branches for informal corner plantings or trimmed into compact shape for formal effects. After the plant is several years old numerous red berries are borne close to the branches, remaining into the winter. **Well rooted, 12 to 15 in., \$2.50 each; 2 for \$4.50.**

UPRIGHT YEW

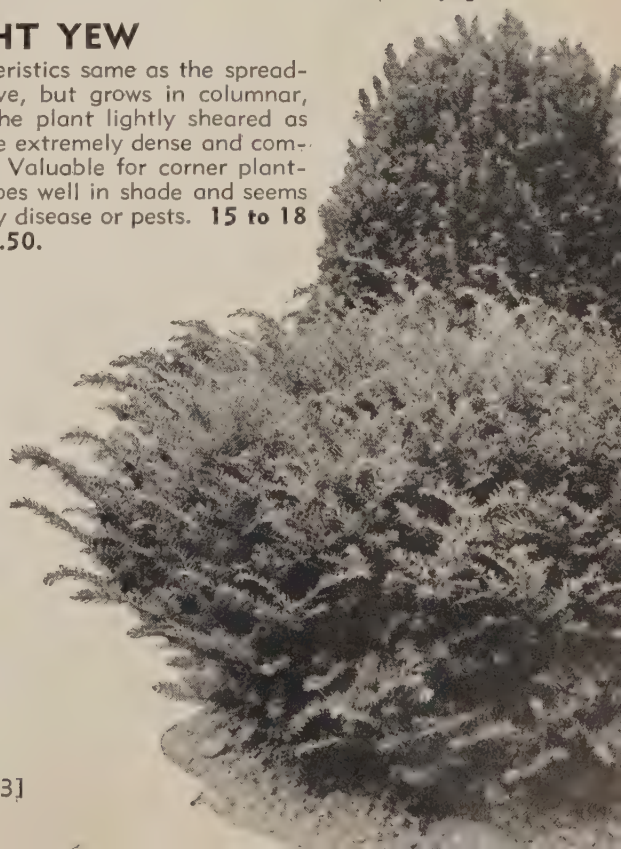

General foliage characteristics same as the spreading variety described above, but grows in columnar, erect form. By keeping the plant lightly sheared as it grows, the foliage will be extremely dense and compact from the ground up. Valuable for corner plantings and accent pieces. Does well in shade and seems to be very little affected by disease or pests. **15 to 18 in., \$2.50 each; 2 for \$4.50.**

5 for \$1.50; 10 for \$2.75, ALL POSTPAID.**

Bloom of Viburnum Burkwoodi

Viburnum "BURKWOODI"

THE EXOTICALLY FRAGRANT GARDENIA SCENTED WONDER SHRUB

Semi-dwarf—Thrives in Partial Shade

This grafted variety brings you the hardiness, rapid growth, beautiful fluted foliage and general dependability of the family plus a new loveliness of bloom. Large, ball-like masses of waxy creamy white have a rich Gardenia fragrance. In the dusk of evening the perfume will envelop the whole lawn. Plant is semi-dwarf, seldom over 5 feet when matured. Foliage colors richly in fall. **\$1.00 each; 3 for \$2.50.**

A REGULAR \$9.50 VALUE IN FINE EVERGREENS
 COMPLETE PLANTING FOR YOUR DOORSTEP

6 AS LISTED ABOVE, **\$8.50**
 BY EXPRESS, ONLY

HEAVY YIELDING GRAPES

CONCORD

One of the most popular and reliable Grapes ever grown. Bunch is large, compact and well shouldered. Berries are large and round, almost black in color with blue bloom. Juicy and delicious with a very sweet buttery flavor.

FREDONIA

The great new early bluish black Grape which has taken the country by storm. One of the largest, sweetest and finest Grapes which has ever been introduced.

MOORE'S EARLY

A large Grape ripening about a week earlier than Concord. Rapid grower. Berries large and of excellent quality. Makes a good moderate yield and is valuable as an early Grape.

NIAGARA

Occupies the same position among the white varieties that Concord does among the blacks. Bunch and berries are large, greenish white changing to pale yellow when fully ripe. Skin is thin but very tough, making them ideal for market use. A reliable cropper and good yielder.

PORTLAND

The newest white Grape and the first to ripen of the Grape family. Individual Grapes are larger than the Niagara and are sweet and luscious.

CATAWBA

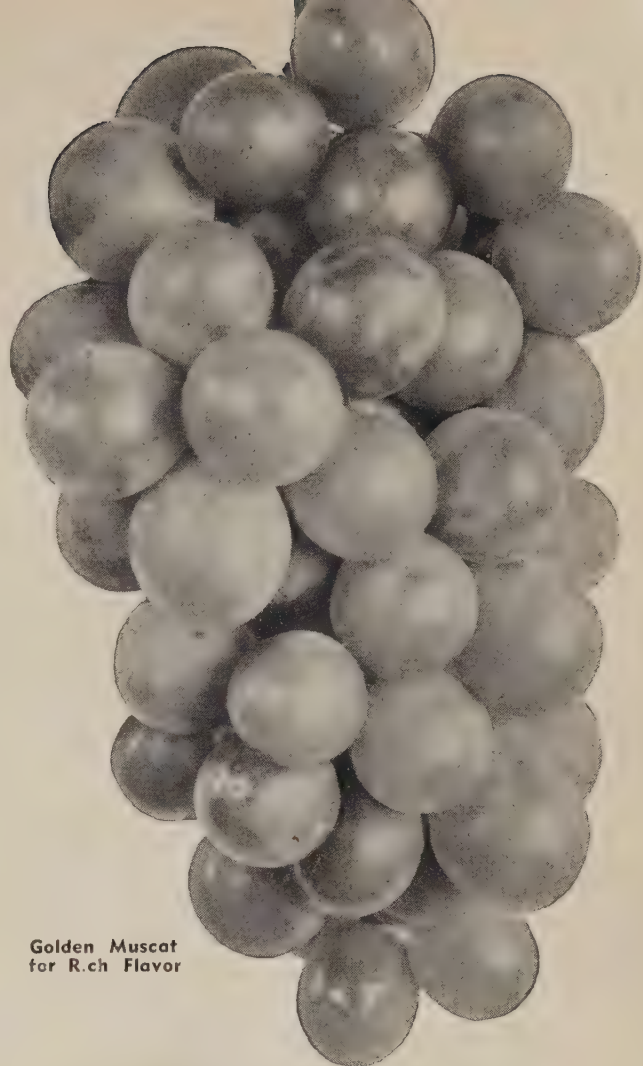

Early red Grape. Fruit extra large, the bunches are compact and of good size. Flavor is of the finest. Fruit is sweet and juicy.

PRICES OF ALL GRAPE VINES IN VARIETIES ABOVE

2-Yr. Plants

40c each; 5 for \$1.75; 10 for \$2.75

Write for Prices on 100 Lots

Golden Muscat
for Rich Flavor

GOLDEN MUSCAT

One of the finest of the newer Grapes. Large in berry and bunch; sweet, juicy and firm in flesh. A splendid Grape for either home use or for market.

Heavy rooted, 2-year vines:
90c each; 3 for \$2.50;
10 for \$7.50

Grapes should be planted 6 to 8 ft. apart in well-cultivated soil. Cut back to 3 eyes or buds when planting. Keep trained on wires or other support. Cut back severely each spring.

NOTE BEFORE ORDERING GRAPES—We do not ship Grape plants into the following States: California, Washington, Oregon, Montana, Colorado, Utah, Nevada, Arizona, and Florida.

ASPARAGUS

Famous "Martha Washington" Variety

The first vegetable to come up in the spring garden. The Martha Washington variety stands supreme for its growing habits and delightful flavor. 100 roots will supply the average family and will last for years. Set 10 inches apart in rows. Spread the roots out in the bottom of the holes and tamp soil firmly. Plant so that there is about 2 inches of soil over the crowns of the plants. 2-year-old roots, \$1.00 per doz.; 25 for \$2.00; 100 for \$5.00; 1000 for \$30.00.

SPECIAL BUDDLEIA COLLECTION

3 One each of the
three Buddleias as
pictured at left
and described at right.

\$1.75 Post-
paid

BEAUTIFUL DOUBLE FLOWERING VIRGINAL MOCK ORANGE

Bloom throughout the season. Without question one of the most beautiful of the shrubs. Single flowers on one-year wood; double flowers on two-year wood. Grows 6 to 8 feet in height and is a valuable addition to any shrub group. Blooms with single flowers on new growth all summer. 2-yr., blooming size plants: 75c each; 3 for \$2.00.

Double

Virginal Mock Orange

THREE FAVORITE BUDDLEIAS

**MANY TIMES REFERRED TO
AS "SUMMER LILACS"**

ROYAL RED PLANT PATENT
APPLIED FOR

The reddest Buddleia to date. It will surprise you with the great number of shoots it throws up to a height of 5 feet, each tipped with a 15- to 18-inch long spike of glistening, satiny, purplish red. A brilliant variety for cutting. All of the three Buddleias described will bloom this year. 75c each; 3 for \$2.00, postpaid.

HARTWEGI

Lately introduced, has quickly proved its hardiness and beauty. Bush is of compact habit. Foliage very heavy and of superb dark green. Flower sprays are borne on every branch, and are large and well shaped. Color a pleasing bright lavender with each tiny floret having a distinct orange eye. Excellent for cutting. 60c each, postpaid.

PINK CHARMING

This exotic Buddleia is indeed a Pink Charming. Extra long flower panicles, many measure 15 to 18 inches long, full and tapering perfectly toward the tip. Plant is hardy and foliage of clear green, blends with any background. Like all the Buddleias, new shoots come up from the ground each spring. The old wood dies back during the winter and should be pruned out as soon as new growth starts. 60c each, postpaid.

Krider's Red Flowering Bush Honeysuckle

KRIDER'S RED FLOWERING BUSH HONEYSUCKLE

A remarkable shrub because of its deep green foliage, its hardiness and its free blooming habit. All the fine qualities of the Bush Honeysuckle plus a distinctly new color of blooms. The actual colored photograph above cannot do justice to the beauty of this shrub. It thrives in most any location or in most any type soil. When it is in full bloom it is literally studded with glowing rosy red flowers of most exquisite fragrance. Mature height 8 ft. Heavy, 2-yr. blooming size: 65c each; 3 for \$1.75.

HARDY COLORFUL SHRUBS to Add New Interest and Life to Your Borders and Grounds

New Upright Scarlet Firebush

Witch Hazel—Late Fall Blooming

NEW RED CORALBERRY

This is the greatest shrub for shady places that we have ever seen. Grows to a height of 5 feet with gracefully arching branches and lacy foliage. Blooms are followed in fall by glowing red berries, twice the size of the old Indian Currant and as red as those of the High Bush Cranberry. Don't fail to get some of these shrubs for shady locations. **2-yr. shrubs: 50c each; 3 for \$1.25.**

WITCH HAZEL Latest Fall Bloom

Hardly any other shrubs bloom in the late autumn, but that is the season when the Witch Hazel flaunts its brilliant yellow flowers. It blooms for a long period and has interesting fruits before the last blossoms have faded. Sometimes it is still in bloom when early snows come, but it is unharmed even by zero weather. Witch Hazel will be an interesting and valuable addition to any shrub border. **Nice, 2-year plants, 60c each; 3 for \$1.50.**

TWO SPLENDID WEIGELAS FLORIBUNDA, Red

The everblooming red Weigela Floribunda surpasses all other red-flowering shrubs. Much hardier than Eva Rathke and a better flower. Commences blooming early in spring and continues all summer long. Leaves are a rich glossy green and densely cover the branches. A necessity in every border planting. Will reach 5 feet in height. **2-year blooming size, 60c each; 3 for \$1.50.**

ROSEA, Pink

One of the finest of the family. Tall and vigorous growing with abundant deep pink flowers in June. Occasional blooms the balance of the summer. Will reach 7 to 8 feet in height.

Excellent shrub for use in the shrub border and also desirable for use in the foundation planting about the home. **2-year blooming size, 60c each; 3 for \$1.50.**

DWARF BLOOD LEAVED MAPLE

Rounded dwarf trees seldom maturing to over 10 feet in height. Densely furnished to the ground with indented leaves of unrivaled brilliancy and charm. Their early spring and midsummer color is a vivid blood-red, which dulls to a bronzy purple-red towards fall. They make splendid foreground subjects in mixed groups or are unexcelled for a bright spot of color on the open lawn. **Nice 15- to 18-inch size, \$3.00 each; 2 for \$5.50.**

FIREBUSH (Cydonia) NEW, UPRIGHT GROW- ING, SCARLET TYPE

Early in the spring this attractive shrub is completely covered with dazzling orange-scarlet flowers, which are followed by small, fragrant, quince-shaped fruits. Foliage waxy and dark green. Branches are rough and closely knit, making it desirable for hedges.

This new type grows with branches upright instead of loosely horizontal as did the old type. **2-yr., 60c each; 3 for \$1.50.**

NOTE: This shrub cannot be sent into the States of California, Washington, Oregon, Colorado, Montana, Nevada, Arizona, Utah, and Florida.

Pink Flowering Weigela Rosea

Dwarf Blood-Leaved Maple

New Red Coralberry

KRIDER'S APPLE TREES

FINEST VARIETIES—RAPID IN GROWTH—HEAVY YIELD

DOUBLE RED DELICIOUS

AMERICA'S FAVORITE VARIETY OF APPLE

The sensational New Red Delicious which we are offering to the trade is a marvelous improvement over the common Delicious. It is a much deeper color without stripes where the common Delicious would be striped red and partly green. Even in the heavily shaded portions of the tree the color is outstanding. Probably the most popular of all eating Apples. Largest seller in markets. Very highly flavored and stays crisp and juicy after picking.

• YELLOW DELICIOUS •

Similar to Delicious in shape. Fruit rich yellow color. Early bearing. Winter. Flesh fine-grained, crisp, juicy and melting, and really delicious. The tree is a hardy and vigorous grower, and forms a strong, beautiful head capable of bearing enormous loads.

• MAIDEN BLUSH •

A medium to large pinkish Apple. Very firm, white flesh. Acid flavor, vigorous and productive. One of the best for juicy fresh Apple pies or flavorful, finely grained Apple sauce.

• WHITNEY CRAB •

The tree is hardy, thrifty, an upright grower, and comes into bearing when young; it is a very productive variety. The flesh is yellowish, crisp, juicy and splendid for eating and cider. August to September.

Krider Apple Trees Grow Vigorously and Bear at an Early Age

• WEALTHY •

The most dependable and widely planted fall Apple. Bright red, striped. Medium to large in size. Hardy and a free grower.

• TOLMAN SWEET •

A very large and sweet Apple of fine flavor. The fruit is creamy yellow, sometimes blushed on sunny side. Tree vigorous and hardy, very productive. Keeps until April.

• GRIMES GOLDEN •

The standard of excellence, of the best quality, rich golden color. Flesh is yellow, very firm, crisp but tender, rich, aromatic and juicy. Medium to large. An ideal dessert and cooking Apple. Tree is a hardy, vigorous, upright grower, and a heavy, regular bearer.

A ONE YEAR, TWO YEAR AND THREE YEAR OLD FRUIT TREE BEFORE PRUNING.

THE SAME TREE AFTER PRUNING

NEARLY OPPOSITE BRANCHES FORM BAD CROTCHES IN TIME AND SHOULD BE AVOIDED.

All fruit trees should be cut back and pruned as shown above, as soon as planting is completed.

THIS IS OF GREAT IMPORTANCE

MORE APPLE TREES Should be PLANTED

Old Orchards are Dying Out and Few Replacements Have Been Made—

• RED ROME BEAUTY •

The great profit maker. It has an established place in the markets and no orchard should be without it. A real Apple with good keeping qualities. It bears at a very early age and will prove successful anywhere.

• YELLOW TRANSPARENT •

Summer Apple

Medium white, changing to lemon-yellow, smooth waxy surface; of good quality, with crisp flesh; very early, and, for an early Apple, an unusually good keeper. Valuable for market. July.

Yellow Transparent—The Favorite Home Apple for Summer Eating and Cooking

• RED NORTHERN SPY •

To all the splendid qualities of the genuine Northern Spy—its unusual and delicious flavor, its excellent cooking and baking qualities, its hardiness and productiveness—nurserymen have added the greater perfection of color and miraculous hastening of maturity. Comes into bearing 12 years earlier than the old Northern Spy, bearing fruit in six years instead of the 18 years formerly required.

• RED STAYMAN •

Most profitable market variety. Has large size, bright red color, great productiveness, and best quality to commend it. Tree a vigorous grower, irregular and drooping in habit, adapts itself readily to different soils and situations. Drought resisting. Season November to February.

• RED JONATHAN •

A beautiful red Apple, highly flavored and of excellent quality, being tender, juicy, spicy, and rich—a splendid family sort and highly profitable for market. Tree long-lived, productive, and an early bearer. November to April.

• McINTOSH •

Large, deep crimson and beautiful. Tree is hardy and vigorous. Flesh pure white, crisp and very tender. A good regular bearer. Has justly proved itself a favorite in the Apple Belt, and a good market variety.

Prices of All Apple Trees Listed

2-yr., 3 to 4 ft., \$0.85 each; 6 for \$4.50

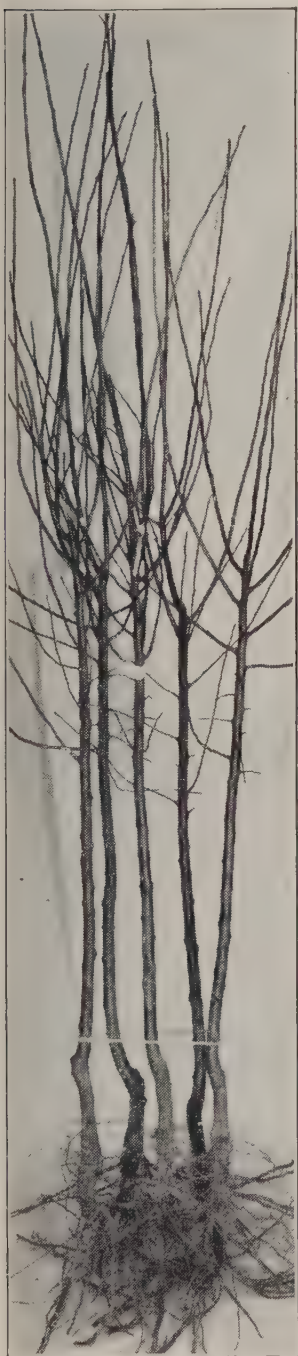

2-yr., 4 to 6 ft., 1.00 each; 6 for 5.00

Write for quotations on lots of 100 or more;
also on 1-year Apple trees.

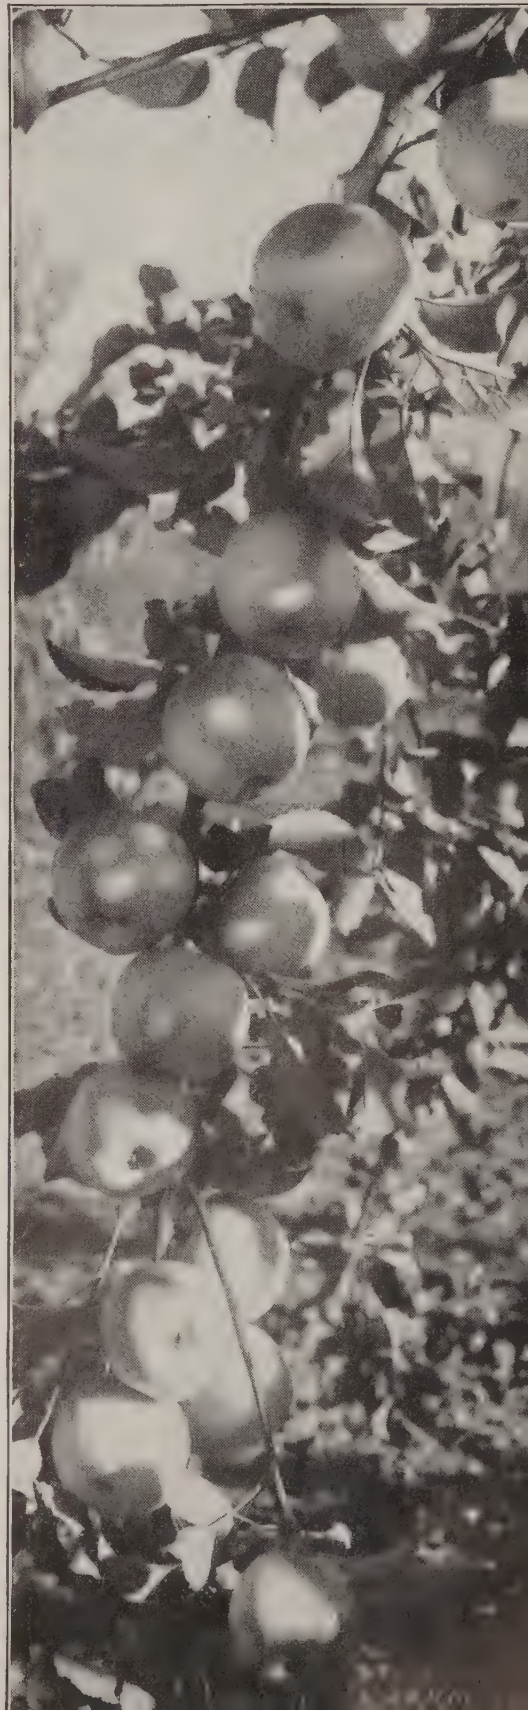

Note: Plant Apple Trees from 30 to 40 feet apart each way. In small areas or on city lots they might be planted 20 feet each way if kept trimmed so that they do not grow together.

PLEASE NOTE

Due to State Quarantine Laws we do not ship Apple trees into the States of California, Oregon, Washington, Montana, Nevada, Colorado, Utah, Arizona, and Florida.

Sturdy 2-Year Trees Ready to Grow and Produce for You

Forsythia or Golden Bell—Early Spring Bloom

FORSYTHIA SPECTABILIS

Earliest blooming. Lights up the landscape with glinting yellow before the leaves appear. Flowers often come out before the snow is gone. This is the large flowering variety, having flowers twice the size of the older kinds. Thrives in any locality. Grows 8 to 10 feet tall. May be pruned. **2-yr. plants, blooming size: 50c each; 3 for \$1.25.**

ALTHEAS

(Rose of Sharon)

Tall, beautiful flowering shrubs. Double flowers resemble Roses with tightly curved petals. Color shades stand out vividly in group plantings or as specimens. Very worth-while plant to buy, as they are easily grown, unusually hardy and bloom long and lavishly.

Note: The Altheas are very late in leafing out in the spring. Do not be alarmed if they stand dormant up into June.

We offer 4 distinct and beautiful colors: **Red, Pink, White and Blue.** Your choice at **50c each or 4 for \$1.75.**

Double Flowering Altheas

Hardy Flowering SHRUBS

ORNAMENTAL—LONG LIVED

FAMOUS HYDRANGEA P. G.

Flowers in August with huge panicles measuring from 8 to 12 inches long. Blossoms are first a delicate shade of pink gradually changing to bronze in early autumn. **2-yr. blooming size: 60c each; 3 for \$1.50.**

Hydrangea P. G.

DOUBLE FLOWERING KERRIA

The ideal shrub for shade. Light green branches and leaves. Bright yellow double blooms the size of a half dollar completely cover the bush in spring. Semi-dwarf and very hardy. **60c each; 3 for \$1.50, postpaid.**

Double Flowering Kerria—Excellent for Shade

Increase Property Values

LOW FIRST COST—ECONOMICAL UPKEEP

SPIREA FROEBELI—Red Foliage in Spring

Large flat clusters of deep pink flowers nearly all summer make this variety especially good for nearly all plantings. Dwarf in habit and fine for inner border work. Will get about 30 inches high. **50c each; 3 for \$1.25.**

Spirea Froebeli—Rosy Red Flowering

SPIREA ANTHONY WATERER

General blooming habit and color of blooms very much like those of Spirea Froebeli pictured and described above but plants are much more dwarf. Reaches 12 to 18 inches in height. Ideal for a dwarf hedge or for planting around the foundation of the home. **Nice 2-year plants: 50c each; 3 for \$1.25.**

RED-LEAVED BARBERRY

This brilliant Barberry is becoming more popular every year. Bronze-red leaves during the summer turn to fiery red in fall. Red Barberry should be planted in full sun for best color results. **60c each; 3 for \$1.50.**

Brilliant Red Leaved Barberry—Adds Color to Shrub Plantings

Brilliant Red Berries of Viburnum Americanum

VIBURNUM AMERICANUM

One of the best of all Viburnums for the shrub border or anywhere that a fairly tall shrub is needed. Beautiful bright green foliage; clustered white blooms in May; clumps of extremely large ornamental bright red berries following and remaining until early winter. Berries are about twice the size of those on the regular High Bush Cranberry. Will reach 8 to 10 feet high when matured. **2-yr., 60c each; 3 for \$1.50.**

Sweet-Scented Shrub

(Calycanthus)

A favorite in all gardens and admired for its spicy aroma. Peculiarly shaped brown blossoms during most of the summer followed by attractive seed pods. 4 to 6 feet when matured. **60c each; 3 for \$1.50.**

Calycanthus or Sweet Scented Shrub—Note The Oddly Shaped Brown Blossoms.

Plant Cherry Trees
For Quick Profits

Early Bearing CHERRY TREES

QUICK PRODUCERS OF
FINE FRUIT FOR HOME OR
MARKET—WE OFFER THE
ACCEPTED AND PROVEN
POPULAR VARIETIES

SOUR VARIETIES

EARLY RICHMOND

The Cherry for those first juicy Cherry pies. Earliest ripening Cherry and a heavy producer of fruit. Large and light red in color. Bring top prices on early markets and very desirable for home canning or drying. Trees bear when quite small and long waits for a fruit crop are done away with when you plant a few trees of Early Richmond

LARGE MONTMORENCY

Everywhere the most popular. Tree strong, thrifty grower, making a large symmetrical head; fruit is large size, dark red, melting, juicy, sprightly acid flavor, and is especially valuable for cooking purposes.

This is the large dark red Cherry so much used for locker storage after quick freezing. The kind grown by large commercial orchardists and canned for the markets. Unequalled for Cherry pies or for fresh fruit after canning or freezing. Plant Large Montmorency and you'll have the best in Cherries.

SOUR CHERRY PRICES

Well Branched, 3-4 ft. Trees, \$1.50 each; 10 for \$13.50

SWEET VARIETIES WINDSOR

Tree upright, and a rapid grower; fruit large, roundish, oblong, very firm and juicy; flesh pinkish and sometimes streaked; quality very good; a productive bearer; has attracted attention owing to its large size and shiny deep maroon color.

Napoleon or Royal Ann

A beautiful Cherry of large size, pale yellow with bright red cheek; flesh firm and sweet; one of the best for market and canning.

Note Before Ordering Fruit Trees

Due to State Quarantine Laws we do not ship fruit trees into the following States: California, Washington, Oregon, Montana, Nevada, Utah, Colorado, Arizona and Florida.

BLACK BING

This black Cherry bears fruit of large size and deep color. Flesh very solid, flavor of the highest quality; tree thrifty, upright grower, very hardy and productive; a fine shipping and market variety.

Also excellent for drying and home canning. May be used for locker storage after quick freezing. Always brings top prices on the market due to its large size and deep color.

SWEET CHERRY PRICES

3-4 ft. Trees, \$1.75 each; 10 for \$16.00

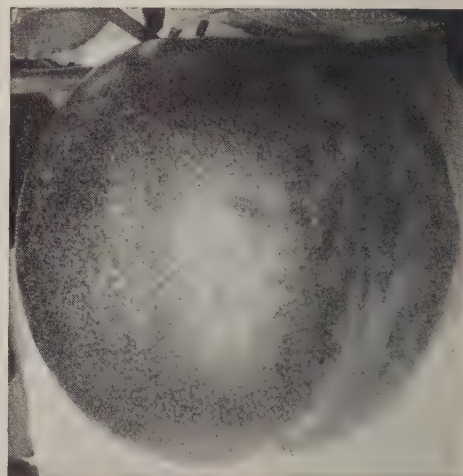

PLANTING

Plant Cherry trees 20 feet apart and keep soil well cultivated around them. Fertilizing each spring helps in producing abundant crops.

HARDY NECTARINE

One of the most sensational as well as delicious fruits ever introduced. Combines the best qualities of the Peach and Plum. Fruit is large, fine flavored, juicy and melting to the taste. Smooth skinned. Unequalled as a fresh fruit or for canning. Include this fruit in your order. Plant 20 feet apart. 2-year., 3- to 4-ft. trees, \$1.50 each; 10 for \$10.00.

5 Varieties of
Apples on One
Tree Saves Space

Hardy Nectarine

5-N-1 APPLE TREE

For those with limited space—if you want but one Apple tree.

Think of having five delicious varieties of Apples on one tree! Will provide an abundance of fresh fruit from June until winter. Double Red Delicious, Anoka, Double Red Rome Beauty, Yellow Delicious, Double Red Jonathan, Yellow Transparent, all budded on one sturdy Red Delicious tree, making really six varieties in all. A complete Apple Orchard.

4- to 6 ft. Trees

\$2.50 Each; 3 for \$6.00

Splendid Varieties of PLUM TREES

• THREE OF THE BEST •

BURBANK

Tree a vigorous grower and an early and very heavy bearer. Fruit very large, reddish in color with yellow cheek in the sun. Extremely small pit. Middle of June.

REINE CLAUDE

Very large, juicy Plum with golden yellow skin and flesh. Sweet and flavorful and an excellent Plum for canning or for use as fresh fruit.

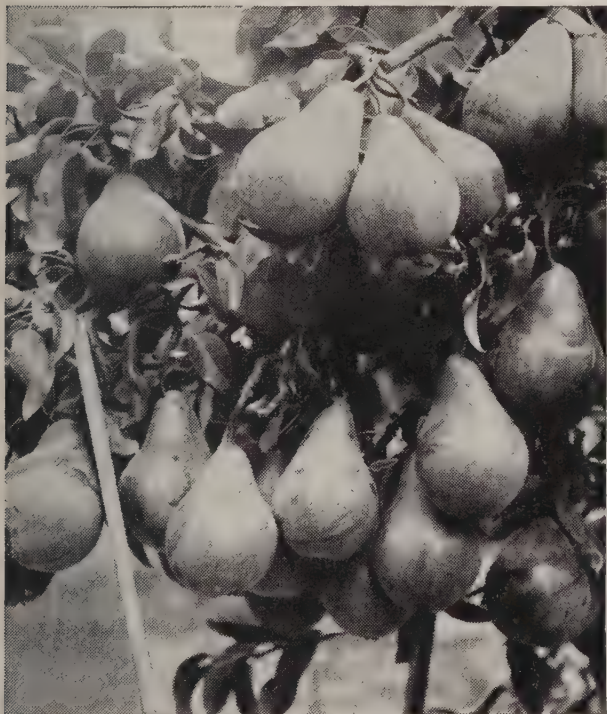

STANLEY PRUNE

Beautiful large Prune-Plum. Sweet, rich and juicy. Hardy in all sections and one of the best Plums you can grow. Deep blue color.

PRICE OF ABOVE PLUM TREES
3- to 4-ft. trees, \$1.50 each; 5 for \$6.50

NOTE BEFORE ORDERING ANY

FRUIT TREES: We do not ship ANY Fruit Trees into the following States: California, Washington, Oregon, Montana, Nevada, Utah, Colorado, Arizona and Florida.

Pear Trees Start Producing at an Early Age
Why Not Grow Your Own Fruit?

TWO DELICIOUS APRICOTS

MOORPARK

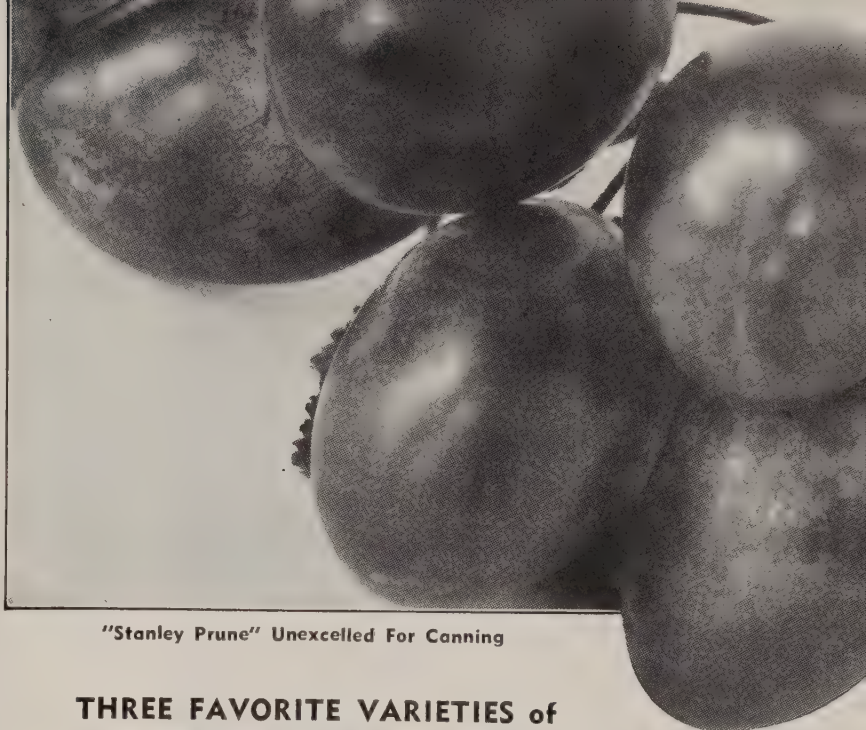

Extremely valuable as a fresh fruit and a superior fruit for canning or drying. There is always a good market for Apricots at top prices.

One of the largest and finest Apricots. Rich yellow with orange blush. Flesh sweet and juicy, and rich. Freestone and very productive.

SUPERB

Fine, large variety. Fruit roundish, large and slightly compressed. Color dull yellow with red blush. Flesh orange tinted, firm and sweet with a rich, vinous flavor. Ripens the latter part of July.

Your Choice of the Above Apricots
3- to 5-ft. trees, \$1.50 each; 3 for \$4.00

"Stanley Prune" Unexcelled For Canning

THREE FAVORITE VARIETIES of PEAR TREES

BARTLETT

Large size, with a beautiful blush next to the sun; buttery, very juicy and high flavored; the tree is a strong grower and a young and abundant bearer. August and September.

FLEMISH BEAUTY

A large, beautiful, melting sweet Pear. Tree is very hardy, vigorous and productive. Succeeds well in all climates. September.

SUGAR PEAR

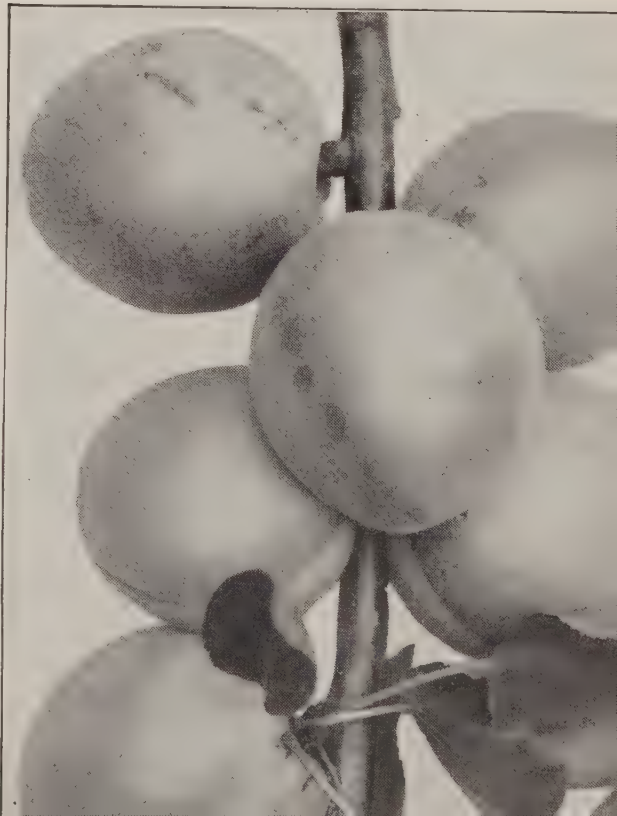

Remember the delicious sweet Sugar Pears we used to watch for in the late summer? Why not plant a few of these trees and grow your own. None better to eat or for spicing. Melting flavor and trees bear unusually heavy crops.

Prices of Above Pear Trees
3- to 5-ft. trees, \$1.50 each; 5 for \$6.50

Apricots Are One of The Best Fruits

PLANTING

Plant Plum, Pear and Apricot trees 20 feet apart for orchard purposes. They may be set 15 feet apart for town or city planting. Keep soil cultivated around them. Cut back when planting as shown on page 50.

"Eleyi" Flowering Crab

"DRESS UP" Your Home and Grounds This Spring —

ELEYI FLOWERING CRAB A SPLENDID ORNAMENTAL

This sensational Flowering Crab is beloved by all who have ever seen it. Rapid grower, very shapely in form, and at blooming time is a cloud of beauty on the landscape. Flowers are rich shell-pink in color and are followed by small ornamental fruits. If you want the finest in Flowering Crabs, and a real ornament for your lawns or borders, don't fail to order this beautiful tree. **4- to 6-ft. trees: \$1.25 each; 2' for \$2.25.**

NEW BLOOD LEAVED PLUM "THUNDERCLOUD"

A dwarf tree of excellent shape, bearing foliage of a deep rich blood-red. As the season advances the colors become darker, gradually changing to a dull growing bronze in fall. Tree is covered with pink blossoms in early spring. **Heavy rooted, 3- to 4-ft. trees: \$1.50 each; 2 for \$2.75.**

New Blood Leaved Plum "Thundercloud"

PAUL'S DOUBLE SCARLET HAWTHORN

Popular low growing tree that is hardy all through the States. In May and June it is covered with double scarlet flowers which are followed by red berries. The foliage is a rich green which colors to a mass of brilliant hues in the fall. We give this tree top rating for specimen planting. **Large, 4- to 6-ft., field-grown trees, \$2.00 each.**

Paul's Scarlet Hawthorn

RED FLOWERING PEACH

Symmetrical spreading tree, growing to a height of about 20 feet. The large, reddish pink flowers which come before the leaves appear in the spring, present a vision of loveliness against the new green of an early spring lawn. An outstanding ornamental in any planting. Ideal as a specimen plant or fine for group plantings. **Heavy rooted, 2- to 3-ft. trees for only \$1.00 each; 2 for \$1.75.**

PLEASE NOTE

Due to quarantine laws, trees on this page, except Redbud, cannot be shipped into the following States: California, Oregon, Washington, Montana, Nevada, Colorado, Utah, Arizona, and Florida.

REDBUD - Cercis Canadensis

One of the handsomest of the low-growing, flat-topped trees. Attains a height of about 15 feet at maturity. Along the numerous, wide-spreading branches, rosy lavender blooms appear before the tree leafs out in spring. Flowers are so thick the tree appears as a small pink cloud. Due to the extreme hardness of the wood, the tree is usually very late in leafing out. **Nice, 3- to 4-ft. plants, only \$1.00 each; 2 for \$1.75.**

Redbud (Cercis) for Early Spring Bloom

Ornamentals Increase in Value Each Year. Plant Now!

CRAPE MYRTLE

THE NEW WATERMELON-RED VARIETY

This is the outstanding new watermelon-red Crape Myrtle which is arousing so much interest and comment among plant lovers all over the country. The plant, which is so much a part of Southern beauty, is now available in hardy form for those of us in more northern climates. Habit similar to Buddleia, as it dies down to the ground each winter in the North, but throws up new shoots each spring and flowers in the summer. If you want a real thrill in new plants, we recommend this one. Will grow in any good garden soil. Plant about 3 feet apart for borders.

12 to 18 in., \$1.00 each;
2 for \$1.75; 4 for \$3.00

FAVORITE HARDY VINES

FOR LIVING CURTAINS AND SCREENS

HALL'S SWEET-SCENTED HONEYSUCKLE

A strong, vigorous evergreen variety of Honeysuckle, with pure white flowers changing to yellow. Very fragrant and covered with blooms from June to November. 2-yr., 40c each; 5 for \$1.75.

BOSTON IVY

A splendid vine for covering, as it clings perfectly to the smoothest surface. Foliage is bright glossy green, changing to brilliant hues of scarlet, crimson and orange in the fall. This is the vine seen so much creeping up over brick walls of old churches and homes. Hardy and easily grown. All 2-yr. vines. 50c each; 3 for \$1.25; 12 for \$4.00.

Clematis Jackmani

CLEMATIS

PLEASE NOTE: All Clematis will be shipped from 3-inch pots and except to extreme southern sections, will not be shipped until after May 1st. In this way roots will reach you full of life and ready to start growth at once. **ALL ARE POSTPAID.**

HENRYI. Large creamy white flowers. A strong grower and very hardy. One of the best of the white varieties. A continuous bloomer. 85c each.

JACKMANI. One of the best and freest flowering varieties we know of. The flowers, when fully expanded, are from 4 to 6 inches in diameter. Intense violet-purple, with a rich velvety sheen, distinctly veined. July until frost. 85c each.

MME. EDOUARD ANDRE. Flowers as large as Jackmani and a rich deep rosy pink. Very free flowering, and a continuous bloomer. 85c each.

RAMONA. This beautiful Clematis carries a suggestion of lost Indian legend; lingering memories of a vanished race. Large, lavender-blue blooms in profusion. Hardy and easy to grow. Very large, rounded petals. 85c each.

HOW TO GROW CLEMATIS

Clematis will thrive in almost any climate but for best results they should be planted in a somewhat sunny location and in as near a non-acid soil as possible. If your soil is acid this condition may be remedied by mixing lime with the soil at planting time, or by thoroughly working lime into the soil around those plants already in place. Clematis should be set so that the dirt comes up about 2 inches on the stem above the roots. If planted with the crown just level with the soil they will soon wither and die from drying out. Dig the hole large enough so that the roots may be spread out naturally in planting. If the soil is poor the hole should be filled with good rich garden soil. Clematis planted in this manner and kept well watered (not drowned) will rarely fail to grow and do well.

SILVER LACE VINE

In a few short years this has come to be America's No. 1 vine for covering pergolas, archways, arbors, lattice, fences, etc. It is graceful, hardy and easy to grow. Will grow 25 feet or more in a season and a fully developed specimen is a cloud of misty white, with tints of yellow and pale rose, suggesting old lace. One of the most satisfactory vines. 60c each; 3 for \$1.50, postpaid.

Watermelon-Red Crape Myrtle

PINK WISTERIA

Very hardy and will climb a lattice or arbor or any good support. May be staked and trimmed to grow in bush or tree form. Long panicles of bloom and superb rich pink color. We offer heavy, 2-year, grafted plants. These grafts are from blooming wood, so you may be sure your plants will bloom (usually the second or third year after planting). 2-yr., grafted vines, \$1.00 each; 3 for \$2.50, postpaid.

PURPLE WISTERIA

A beautiful climbing vine of rapid growth, producing long, pendulous clusters of pale blue flowers. Fine for shading the upper part of a house. Will wind its way up any support. 2-yr. grafted plants, 75c each; 3 for \$2.00, postpaid.

AMERICAN BITTERSWEET

Widely used as a winter bouquet in the home. Handsome foliage and in fall has those large clusters of orange-crimson berries which it retains all winter. If given support will climb over most any surface. Grow your own Bittersweet.

Nice, heavy rooted, 3-yr. plants, 65c each; 3 for \$1.65.

EVERGREEN BITTERSWEET

(Euonymus)

Beautiful waxy dark green leaves and attractive orange-colored berries that stay on the vine all winter. Foliage is evergreen and the vine will cling to brick, stone or any kind of wall. May also be kept trimmed in pillar form for use at corners in foundation plantings. 2-year, 85c each; 3 for \$2.25.

Silver Lace Vine

THE QUALITY OF STRAWBERRY PLANTS

In looking through the many catalogs you receive you will notice that many claim to be the largest growers of plants, many claim to grow the best plants. We have bought plants from some that make extravagant claims in different sections of the country and we may truthfully say that we have never received any better plants than those we send out to our customers. We guarantee the plants we grow and sell to be as large and as fine as you get anywhere (no matter what you pay) and to be put up in as good condition. If grown side by side, under like conditions, they will produce as much and as good fruit.

Your berry crop will be no better than the plants you set. It pays to buy only the best. We believe our Strawberry plants are as good as you can buy.

Highest Quality, Selected STRAWBERRY PLANTS

Best and Favorite Varieties for Home Gardens or for Commercial Plantings . . .

(AVAILABLE FOR SPRING PLANTING ONLY)

PREMIER

A money-making, frost-proof Strawberry; hardy, productive, very beautiful and attractive. Succeeds everywhere, never fails to produce a big crop every year. There is a greater demand for commercial planting than for any other early variety. An excellent shipper and canner. Sells for fancy prices on the market. **25 for \$1.00; 100 for \$2.50; 500 for \$10.00; 1000 for \$17.00.**

SENATOR DUNLAP

Perhaps no other Strawberry is so favorably known throughout the country generally as the old reliable Senator Dunlap. It enjoys the distinction of producing full crops in a wider range of soil and climate than almost any other variety. Fine for both home and commercial use. **25 for \$1.00; 100 for \$2.25; 500 for \$8.00; 1000 for \$14.50.**

DORSETT

6,640 quarts to the acre. This new variety was originated by the U. S. Dept. of Agriculture. A scientific cross between the Premier and the Royal Sovereign, an English variety. One of the firmest berries known and has dark green foliage, holding the color through the season. Berries are larger than Premier. Color is bright red and retains color long after picking. **25 for \$1.00; 100 for \$2.50; 500 for \$10.00; 1000 for \$17.00.**

ROBINSON

A grand new berry which we think will become as popular as the well known Premier. Plants are vigorous growers and mature very heavy crops of excellent berries. Fruits are large, bright red, solid and have a delightful flavor. Keep well after picking, either for shipping or for home use. Hold shape when canned and are unexcelled for quick freezing. **25 for \$1.00; 100 for \$2.50; 500 for \$10.00; 1000 for \$17.00.**

NOTE: We do not ship Strawberry plants to the following States: California, Washington, Oregon, Montana, Nevada, Colorado, Utah, Arizona, and Florida.

PRIZE STRAWBERRY COLLECTION

Have fresh Strawberries from early spring until snow flies. This home garden group gives you three excellent regular varieties, covering a long bearing season, plus one of the best everbearers. Have your own fruit! Plant this spring!

Collection Consists of the Following:

- 25 PREMIER
- 25 DORSETT
- 25 SENATOR DUNLAP
- 25 GEM (Everbearer)

TWO PROLIFIC EVERBEARERS

• WILL BEAR FRUIT EARLY and LATE •

NEW "Streamliner"

• The Prolific New Everbearer of Quality •

The Sweetest Strawberry We Have Ever Tasted . . .

SAVE SUGAR WHEN CANNING OR USING ON TABLE—
GROW "STREAMLINER"

This new berry is of immense size, a sure cropper, of choice quality and an extremely vigorous grower. These fine qualities make it much prized by those who grow berries for market. Starts bearing early in the season and continues to bear heavy crops until long past frost. A beautiful bright-colored berry of fine flavor; excellent for market, for canning or for locker storage after quick freezing.

25 for \$2.00; 100 for \$5.50; 500 for \$24.00;
1000 for \$35.00

"GEM" THE MODERN EVERBEARER

A mouthful of melting, flavorful Strawberry deliciousness. The Gem holds those qualities from the first spring ripening until cold weather. Fruit is very large and uniform. Firm and solid. Produces large crop the first season. Berries ripen clear to the tip and color all the way through. Prices of Gem: 25 for \$1.50; 100 for \$3.50, postpaid. 500 for \$16.00; 1000 for \$28.00.

Grow Your Own
Strawberries at a
Cost of Only 1c
per Quart

"RED LAKE" CURRANTS

Late introduction. Fruit bright red and large. Clusters are long and size of berry is uniform to end of bunch. Flavor is rich and sub-acid with plenty of pulp and few seeds. We believe it to be the best variety grown today. 2-yr. plants, 45c each; 3 for \$1.15; 10 for \$3.00.

Plant Currants 3 to 4 feet apart and keep cultivated. Each spring cut out all old wood and leave but 4 or 5 of the strongest new canes to produce new crop. Burn all the trimmings as soon as job is completed. Keep well fertilized.

NOTE: CURRANTS CANNOT BE SHIPPED INTO THE FOLLOWING STATES—

California, Washington, Oregon, Idaho, Montana, Colorado, Nevada, Utah, Arizona, Florida, Connecticut, Maine, Maryland, Michigan, Massachusetts, Minnesota, New Hampshire, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Wisconsin, New Jersey, West Virginia.

For Perfect Jelly—Red Lake Currants

STURDY, SELECTED

PEACH TREES

**AMERICA'S BEST AND
FINEST VARIETIES**

EARLY VARIETIES

● **GOLDEN JUBILEE** ●

(Freestone.) A choice freestone recently introduced by the New Jersey Experiment Station, already popularized and given a high rating. Tree habits resemble Elberta. The skin is yellow with red blush; flesh golden yellow; tender and sweet. Fruit oblong and rather flattened in shape. Brings top market prices because it is early and has a superior flavor.

● **EARLY ELBERTA** ●

(Freestone.) Early midseason. Color lemon-yellow changing to orange-yellow, blushed with red. Very juicy, tender and melting, sweet and highly flavored. Splendid quality.

● **ROCHESTER** ●

(Freestone.) Early midseason. Color orange-yellow, blushed with deep red. Skin thick and tough. Yellow flesh stained with red near the pit. Very juicy, tender and melting, sweet and highly flavored. Splendid quality.

● **CHAMPION** ●

(Freestone.) Large, round, quite regular, yellowish white, mottled with red on sunny side, flesh white with red at the pit. One of the best in quality for nearby markets and home use. It is a healthy grower and hardy in fruit bud. The fruit ripens from 20th of August.

● **J. H. HALE** ●

(Freestone.) Fruit averages one-third to one-half larger than Elberta, ripens about five days earlier and has superior flavor. Color a beautiful golden yellow with deep carmine blush. Does well over a wide range of territory and is worth cultivation. September 1st.

MIDSEASON VARIETIES

● **SOUTH HAVEN** ●

(Freestone.) The great hardy Peach for cold regions because it, with Hale-Haven, withstands 10 degrees colder weather than any other Peaches grown. Large yellow freestone, as large as Elberta and several weeks earlier on the market. Plant Elberta and J. H. Hale with it for commercial purposes. All yellow, all freestone, all money-makers.

● **HALE-HAVEN** ●

(Freestone.) In this new, hardy, rot-resistant Peach, almost as large and fine as the Elberta itself, we have a Peach of great market value. A large, roundish Peach, with yellow skin, red blush on sunny side, yellow flesh; tender and melting; rich, sweet, and of superior flavor. A big, early yellow-skinned Peach of high quality, is sure to be in great demand. From August 15th.

LATER VARIETY

● **ELBERTA** ●

(Freestone.) The great market Peach. Many consider it the best all-around Peach; lemon-yellow color with blush on sunny side. Flesh pale yellow, tender and juicy. Tree vigorous. An excellent shipping Peach. September.

New Peach "Clarkhaven" (Trade-Mark)

GREAT NEW PEACH "CLARKHAVEN"

TRADEMARK

A splendid new Peach introduced by us last year. It is a sport of Hale-Haven which was discovered by V. C. Clark, of Bristol, Ind., in a block of Hale-Havens in his orchards. Has all the superb qualities which have made Hale-Haven the most widely planted and the favorite Peach in the southern Michigan and Northern Indiana area, PLUS the important quality of ripening about ten days ahead of its parent. Those of you who raise Peaches for market know just how important this is. Think of getting a Peach of Hale-Haven quality and fine appearance on the market 10 days earlier! Fruits are large, have a fine over-all red blush, meltingly juicy flesh and are just as delicious for home use as for market. Try this new "CLARKHAVEN" and you will not be disappointed.

**3 to 4 ft., \$1.50 each;
3 for \$4.00; 10 for \$12.00**

PEACH TREE PRICES

ALL VARIETIES EXCEPT "CLARKHAVEN"

10 for \$5.00; 100 for \$35.00**

**3 to 5 ft., \$1.00 each;
10 for \$7.50; 100 for \$50.00**

Note: We do not ship Peach Trees into the following States: California, Washington, Oregon, Montana, Nevada, Colorado, Utah, Arizona and Florida.

Giant Thornless BOYSENBERRIES

The most popular and in heavy demand everywhere. Giant berries 2 inches or more in length, have a tangy flavor, are dark maroon in color and unexcelled for use as fresh fruit, for locker storage after quick freeze, or for canning.

Plants are entirely thornless and bark is smooth and green. A matured plant will easily produce 8 to 12 quarts of berries in a season. Plant in good soil and keep well cultivated for best results. **No. 1 plants, 6 for \$1.25; 12 for \$2.00; 25 for \$3.00; 100 for \$10.00.**

New Giant-Fruited, Cultivated BLUEBERRIES

DELICIOUS FRESH FRUIT OR FOR CANNING

Grow successfully from coast to coast. **Big profits, as bushes bear heavily and market is always good. Early berries bring from 35c to 50c a pint.**

The ideal plant for low spots where soil is sour. On higher ground some woods dirt or well-rotted leaves should be mixed into the soil, as they require an acid condition.

Plants last a lifetime when once established. The plants we offer will start bearing the first year after planting.

May be used as an ornamental shrub, as foliage and blooms are very attractive. If you do not have room for them elsewhere, plant them along the shrub border.

For field planting, space 5 by 7 feet and keep cultivated. (Note: We send assorted varieties to insure pollenization.) **Bearing age, 12- to 18-inch plants, 3 for \$4.50; 10 for \$12.50.**

BLUEBERRY CULTURE

Set plants 4x4 feet apart in cultivated acid soil. Blueberries must have acid soil to thrive and if your soil is not acid, mix in liberal quantity of peat moss to attain acid condition. Use plenty of peat or leaf mold around roots when setting plants. Keep well watered at all times unless you have them planted in a low spot where natural moisture abounds.

New Cultivated Blueberries

NOTE: Boy senberry and Blueberry plants cannot be sent into the following States: California, Washington, Oregon, Montana, Nevada, Colorado, Utah, Arizona, and Florida.

[61]

Delicious Thornless Boysenberries

BOYSENBERRY CULTURE

Set plants with roots 4 inches deep. Plant about 6x6 ft. for field culture. May be set 5 feet apart in garden. Keep well cultivated. Allow new canes to grow out on the ground. In late fall lay runners in the row and cover with straw in severe climates. Remove the mulch in spring when buds begin to show and tie up all canes to wire stretched over posts 3 feet high. Allow to remain tied until after crop is picked, then cut off at ground and remove all wood and burn. Allow new canes to run on ground during summer and handle as before.

Grand All Red Rhubarb MACDONALD

Stalks are of giant size on mature plants, and a rich rosy red in color. (See picture below.) This beautiful color carries through the stalk. Flavor is mild and pleasing. This new Rhubarb never becomes tough or stringy. Just cut in small chunks and cook. Do **not** remove the tender skin; it cooks right up with the stalk.

Nice, 2-year Divisions
60c each; 3 for \$1.50; 10 for \$5.00

Huge Stalks of Red Macdonald Rhubarb

FINEST BLACK RASPBERRY

"CUMBERLAND" THE GREAT BLACKCAP

Largest Blackcap Raspberry grown. Plant is an unusually strong grower and heavy bearer. Berries are very large, sweet and juicy, keep well for market and hold shape in cans when cold-packed. Useful and valuable for the home garden as they are excellent for table use as fresh fruit, fine for canning or the making of jam and jelly, and equally as good for locker storage after quick freezing.

LAST MINUTE BERRY SPECIAL—Everbearing "INDIAN SUMMER"

RED RASPBERRY

**Bears Twice Each Year
Delicious Flavor-Packed Berries**

One of the finest of new Red Raspberries. Fruits are large, firm in texture and packed with flavorful goodness. Keep their color when canned or quick frozen. Excellent market berry as they keep well after picking. Plants grow readily and rapidly to good size and bear abundantly. Indian Summer makes an ideal berry for home garden because the plants bear a heavy crop during the early summer bearing season and then bear another lighter crop in the fall. This assures you of fresh fruit at a season when most other fruits are gone.

Well-rooted No. 1 plants: 12 for \$2.25; 25 for \$3.75; 50 for \$6.50; 100 for \$12.00

Best Known And Most Generally Satisfactory Of All Red Raspberries—the "Old Reliable" "LATHAM"

We might well use this whole page extolling the merits of this wonderful berry, which we regard as the finest ever introduced. Berries of extremely large size, and when ripe, are a beautiful bright red in color. The hardiest of all Raspberries, growing well and producing abundant crops even to the Canadian border. Flavor is delicious and crop is remarkably heavy, sometimes extending over a month. In every way Latham stands supreme.

12 for \$1.75; 25 for \$3.25; 50 for \$6.00;
100 for \$9.50; 500 for \$40.00

FAMOUS "ELDORADO" BLACK-BERRY

Largest hardy Blackberry grown. Free from rust and a good moneymaker. Canes grow upright and sturdy. Fruit ripens in July and continues over a long period. We offer only the one variety as it is the only one which has proven to be generally satisfactory.

6 for \$ 0.75	100 for \$ 6.00
12 for 1.25	500 for 25.00
25 for 2.00	1000 for 45.00

GROWING BLACKBERRIES

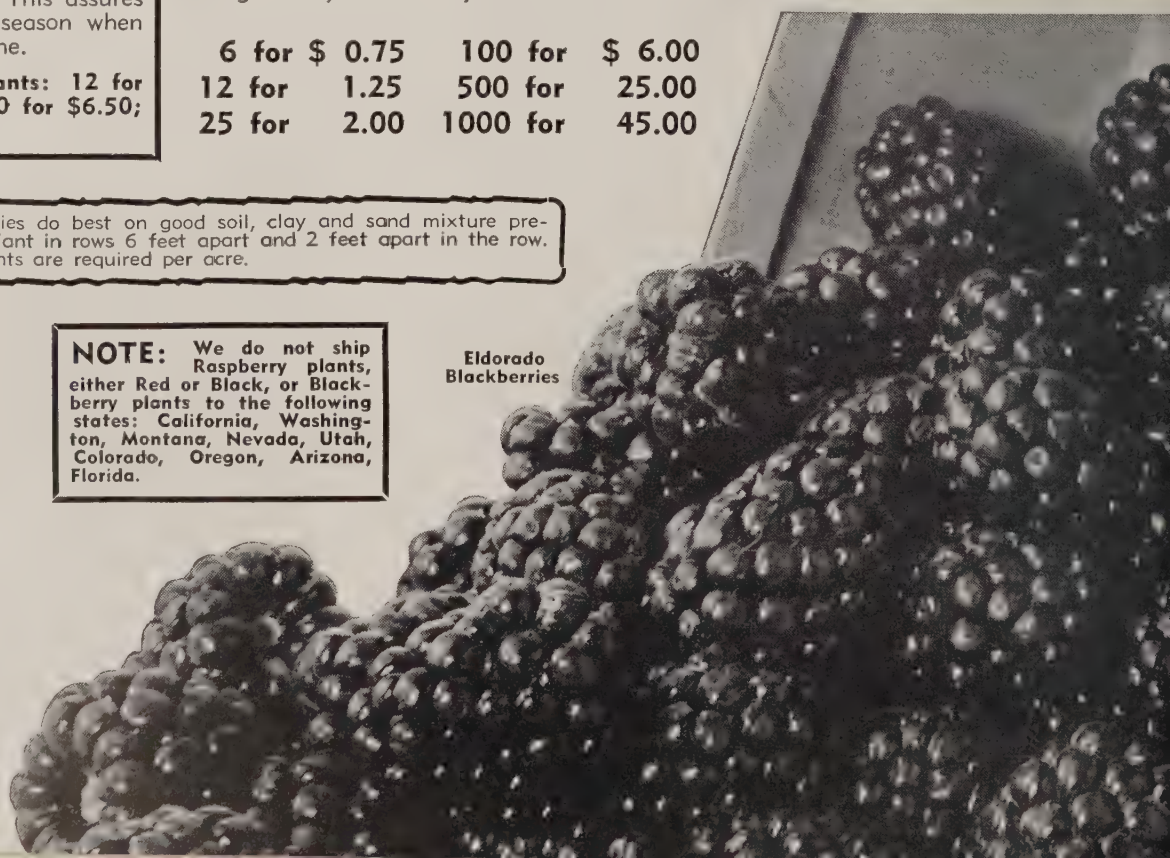

Blackberries do best on good soil, clay and sand mixture preferred. Plant in rows 6 feet apart and 2 feet apart in the row. 3500 plants are required per acre.

THE GROWING OF RASPBERRIES

Plant Raspberries in well drained cultivated soil. Set plants with the crown or eye about one inch below ground level. Raspberries should be set 4 feet apart each way. As soon as the bearing season is over, all old wood or canes should be cleaned out and new growth cut back about one-third. This permits good bearing wood to develop the next year's crop.

NOTE: We do not ship Raspberry plants, either Red or Black, or Blackberry plants to the following states: California, Washington, Montana, Nevada, Utah, Colorado, Oregon, Arizona, Florida.

RA-PID-GRO

**MAKES A COMPLETE, QUICKLY AVAILABLE,
EASILY PREPARED PLANT FOOD BY MERELY
ADDING PROPER AMOUNT OF WATER**

**Contains Vitamins B₁ and B₂ Plus Eleven Other
Vital and Needed Plant Food Elements—
The "Miracle Plant Food"**

Read the Facts Below . . .

DECIDE TO USE RA-PID-GRO

WHAT IS RA-PID-GRO?

Ra-pid-gro is a complete concentrated plant food formula. Easily made into an immediately effective liquid fertilizer by simply adding water. It will speed up growth of plants now in place and will assure more successful transplanting of new plants.

HOW IS IT USED?

Ra-pid-gro is so easily prepared for use. Just add water at the rate of 1 lb. of Ra-pid-gro to 22 gallons of water. Allow to dissolve and it's ready for use. Apply around each plant according to directions on the bag. For use on small numbers of plants mix at the rate of a teaspoonful to the quart of water. Also very valuable for use when transplanting. Dip plants in solution for three or four minutes, then set in place and water with remainder of liquid. Practically eliminates losses.

WHAT WILL IT DO?

Ra-pid-gro will work almost unbelievable miracles in promoting rapid and healthy growth on all types of plants. Use it on lawns, around shade trees, evergreens, shrubs, roses, perennials, vegetables and house plants. Many times plants which have been given up for dead will respond to applications of Ra-pid-gro. All the vital plant food elements are present in this remarkable discovery and, since it is applied in liquid form, are readily available to the roots of the plant.

HOW DOES ITS COST COMPARE WITH OTHER FERTILIZERS?

Ra-pid-gro is less expensive than other fertilizers. In the larger quantities it makes your fertilizer cost about 1/2c per pound, as against a cost of about 3c per pound for average fertilizers. Remember 1 pound of Ra-pid-gro makes 176 pounds of rich and complete plant food.

WE OFFER THREE OF THE MOST CONVENIENT SIZES—

All are sent by Prepaid Parcel Post.

1-lb. FABRIC BAG	Makes 176 lbs.	\$1.25
2-lb. FABRIC BAG	Makes 352 lbs.	2.35
5-lb. FABRIC BAG	Makes 880 lbs.	4.50

TRY RA-PID-GRO AND AMAZE YOURSELF WITH RESULTS

DOES IT CONTAIN FILLER?

Ra-pid-gro contains no sand or other filler which always makes up part of the bulk of regular fertilizers. You pay only for the vital food elements in highly concentrated form.

STOPS EXPENSIVE AND TRAGIC TRANSPLANTING LOSSES Save Them With Ra-Pid-Gro

By using a large tub or pail and mixing Ra-pid-gro with water at the rate of 22 gallons of water to one pound, you have a solution in which to dip the roots of the plants before setting out. If this is done, you will practically eliminate transplanting losses. Trees, shrubs, roses, evergreens and similar plants should set in the solution 3 to 4 minutes. Berry plants one minute. Vegetable and house plants just dip and remove. Grass and vegetable seeds should be sprinkled with Ra-pid-gro before sowing. Use balance of solution for watering after planting plants or sowing seed.

HOW MUCH WILL I NEED?

To estimate your season's requirements of Ra-pid-gro figure at the rate of 1 lb. of Ra-pid-gro for each 100 lbs. of other fertilizer you have been using. Or the manufacturer recommends the following: for a lot 40x60 ft. with 15 shrubs, 20 feet of hedge, 3 fruit trees, 2 evergreens, 12 roses and 800 sq. ft. of lawn, 5 lbs. of Ra-pid-gro for a season's feeding. A lot 40x100 ft. with 25 shrubs, 3 shade trees, 4 fruit trees, perennial bed, a few grapes and raspberries, 10 evergreens, a small vegetable garden and 1500 sq. ft. of lawn requires 10 lbs. per season. A lot 75x150 with 48 roses, 40 shrubs, 4 shade trees, perennials, 6 evergreens, hedge, vegetable garden, strawberry and raspberry patch, grapes, 10 fruit trees, and 4000 sq. ft. of lawn will require only 20 lbs. of Ra-pid-gro per season.

MAKE THIS TEST

Get 1 lb. of Ra-pid-gro and mix as specified and apply to a small staked-off section of your lawn; or to a few selected rose bushes, berry plants, perennials, etc. At the end of 30 days you will be surprised at the difference between those fertilized with Ra-pid-gro and those left unfertilized. You'll be a booster for this remarkable and easy way to secure almost phenomenal results from your plants.

Exotic "Croft" or "Estate" Lilies Which You Have Read About in Your Garden Magazines

GORGEOUS, EXOTIC, NEW "CROFT" OR "ESTATE" LILIES

HARDY FOR OUTDOOR CULTURE—UNEXCELLED FOR GREENHOUSE GROWTH

Only once during a lifetime is a really sensational and outstanding new flower introduced. Such a flower is the new "Croft" or "Estate" Lily. Not only is it the finest of all greenhouse Easter Lilies, but it is **HARDY** and is a wonderful outdoor garden Lily. Bulbs planted this spring will bloom this summer and continue to come up year after year, blooming prolifically each season. Flowers are large, pure waxy white and are exquisitely fragrant. They come on strong erect stems, 30 to 36 inches long, each stem bearing several of the gorgeous blooms. Plant in a well drained location, deep enough so that there is 7 inches of soil over the top of the bulb. You would pay \$2.00 or \$3.00 each for these blooms at the florist's. Why not grow your own? Especially when the bulbs are so inexpensive. WE OFFER NICE 4 to 5 INCH BULBS, EACH OF WHICH WILL BLOOM THIS YEAR.

CROFT OR ESTATE LILY BULB PRICES
